District of Columbia Housing Authority

Adrianne Todman, Executive Director

Dear Prospective Respondent:

This letter is a formal request for proposal to provide Appraisal Services in accordance with the District of Columbia Housing Authority Procurement Policy and the 24 CFR Part 85.36.

INTRODUCTION

The District of Columbia Housing Authority (DCHA) is dedicated to enhancing the quality of life in the District of Columbia by providing and effectively managing affordable housing, which is diverse, well maintained, and aesthetically pleasing for those whose circumstances prevent them from competing in the general marketplace. Besides operating over 8,000 publicly owned rental units, DCHA also contracts over 10,000 private units through its Housing Choice Voucher Program. DCHA has embarked on an ambitious program of development and redevelopment to create economically diverse communities and neighborhoods. DCHA is one of the most innovative housing authorities in the nation and is actively pursuing non-governmental sources of financing to promote HCVP homeownership assistance programs, project-based public housing subsidies, and implement more creative uses of its Move to Work authority.

BACKGROUND

The District of Columbia Housing Authority and its affiliates have an active role in building and revitalizing affordable and market-rate housing throughout the city. By utilizing one of its affiliates, or working with private developers, DCHA has initiated or completed more than 20 projects in the past several years. Ultimately these development projects will create nearly 5,000 new units of high quality housing and 3,000 subsidized rental units, as well as bring first-time home ownership to more than 1,200 low- and moderate-income families. DCHA's development projects have grown substantially in the last decade, to bring more than \$2 billion of redevelopment activity to the city — and economic development that has generated nearly 1,200 jobs for low-income residents. In 1996, there were just 2,400 properties in DCHA's development portfolio — today there are nearly 4,000.

In order to secure financing for development projects, DCHA requires appraisals of the property to be developed. Nearly all projects that DCHA undertakes include financing using Low Income Housing Tax Credits ("LIHTC"). Some projects also include a market-rate component, either rental or homeownership. DCHA is seeking proposals from qualified respondents to complete appraisals for upcoming projects.

- 4. A statement of the assumptions and limiting conditions affecting the appraisal
- 5. A statement of known and observed encumbrances
- 6. Title information, location, zoning, present use, and an analysis of highest and best use

- 7. All relevant and reliable approaches to value consistent with commonly accepted professional appraisal practices
- 8. A description of comparable sales
- 9. A Statement of the value of the land
- 10. A Statement of the value of the improvements
- 11. If requested, value of property in "As-Is" condition

SECTION 3 REQUIREMENTS

All Contractors shall comply with the Section 3 Program, as defined in the Housing and Urban Development Act of 1968 (12 U. S. C. 1701u) (Section 3), amended by the Housing and Community Development Act of 1992 (1992 Act) (commonly known as and herein after as the Section 3 Program). Section 3 compliance requires all Contractors performing work on behalf of the DCHA or any of its subsidiaries to ensure that training, employment, contracting and other economic opportunities generated by the Federal financial assistance shall, to the greatest extent feasible, be directed toward low-income and very-low-income persons, particularly those who are recipients of government assistance for housing.

Our first priority will be to a DCHA resident or program participant. The minimum numerical goal for employment shall be equal to 10% of the total number of labor hours on this contract. A 2nd option for compliance under this act is to annually enroll Section 3 individuals totaling at minimum 30% to an Apprenticeship program. Another option is to subcontract to a Section 3 business concern. In accordance with the HUD regulations, 10% of the subcontract may be awarded to section 3 business concerns for construction and 3% of the subcontract may be awarded to section 3 business concerns for non-construction contracts. A 4th option for compliance is to propose a unique program that provides internships for residents or program participants or, provides probono services to DCHA program participants or Section 3 businesses.

Cash donations to DCHA's Section 3 Fund are presented as a "last resort option" to all Contractors. This option is made available to Contractors who have <u>exhausted</u> all priority preferences and are unable to hire or train Section 3 individuals as the contract is immediate and the period is minimal or, the skill sets required by the staff is too technical or too advanced for the Section 3 individuals seeking employment. The funds received will be used to provide training, uniforms, or transportation for Section 3 individuals.

Contractors and subcontractors will:

- 1. Incur all costs required for compliance with the applicable regulations;
- 2. Be subject to DCHA monitoring for compliance; and
- 3. Accept any applicable penalties for noncompliance.

The Contractor must provide an "Action Plan for Section 3 Commitment" and an "Estimated Project Workforce Breakdown" along with their bid proposal. These documents should include a brief narrative description of the contract, and training and/or job opportunities for Section 3 participants as a part of this contract. The details of this plan should include the number of Section 3

participants to be hired, a list of tasks, description of skills associated to those tasks, the estimated total hours of those tasks under this contract, and a description of the methods to be used to achieve the respective Section 3 Commitment. A template of the Action Plan for Section 3 Commitment and a copy of the Estimated Project Workforce Breakdown have been enclosed with this letter solicitation (Attachments).

DCHA recognizes that the Contractor seeks trainees and/or employees that meet certain requirements. In order to better facilitate this goal, all efforts to hire to meet the Contractor's Section 3 goals must be coordinated through the DCHA Section 3 Compliance Coordinator. Each Section 3 Plan will be rated on the quantity of job opportunities and on the quality of the training and/or the development of skills that lead to economic self-sufficiency and careers.

Non-Compliance Procedures

Any Contractor who fails to make a positive effort to meet the hiring and contracting goals described in the Section 3 Plan may be determined to be non-compliant. After a determination by DCHA that the Contractor has failed to comply with the Section 3 terms of their contract, DCHA shall serve notice of such non-compliance to the Contractor or its representative. The Contractor shall be responsible for notifying any subcontractor(s) who is not in compliance.

Upon request, the Contractor determined to be non-compliant shall meet with DCHA within three (3) working days of written notice in order to determine a method of correcting the deficiencies and determining the time period within such remedy shall be effective. If remedy is not agreed upon within three (3) days of the required notice, DCHA shall prescribe the remedy by which deficiencies shall be corrected and notify the Contractor in writing of such a determination. If the Contractor does not correct the deficiencies in the manner as directed by DCHA within thirty (30) calendar days DCHA may impose any or all of the following

sanctions:

(a) Withholding payments;

(b) Termination for default or suspension of contract; or

(c) Placing the Contractor on a list of Contractors who fail to comply with

DCHA Section 3 requirements.

Monitoring

DCHA will review documents that provide evidence of Section 3 activity related to

the contract. The Contractor is required to provide weekly payrolls and other

supportive documentation i.e. pro bono service agreement, etc.

Reporting

Contractors must submit quarterly reports regarding their Section 3 activities as

requested by the Section 3 Compliance Coordinator. If Contractors chose to

contract with Section 3 business concerns, they must also submit proof of

payment to those businesses. Within five business days of project completion,

Contractors are required to provide a narrative of their efforts and outcomes as it

relates to Section 3 activity to the DCHA Section 3 Compliance Coordinator.

- 24 C.F.R. Section 135.1 provides that the purpose of Section 3 of the Housing and Urban Development (HUD) Act of 1968, as amended, 12 U.S.C. 1701u (Section 3) is to ensure that employment and other economic opportunities generated by certain HUD financial assistance shall, to the greatest extent feasible, and consistent with existing Federal, State and local laws and regulations, be directed to low and very low-income persons, particularly those who are recipients of government assistance for housing, and to business concerns which provide economic opportunities to low and very low-income persons; and
- "Section 3 covered activities" are training, employment, contracting, and other economic opportunities arising from development, operating and modernization assistance funded by HUD notwithstanding the amount of the contract or subcontract, and regardless of whether the activity is fully or partially funded by HUD funds; and
- "Section 3 Resident" means:
 - a. A public housing resident;
 - b. Other DCHA Voucher Program participant; or
 - c. An individual who resides in the District of Columbia and who is a low or very low-income person; and,
- "Section 3 Business" means a business concern that:
 - a. Is a business concern that is 51% or more owned by Section 3 residents; or
 - A business whose permanent, full-time employees include at least 30% current Section 3 residents (or are within three years of the date of first employment as a Section 3 resident); or
 - c. A business which provides evidence of a commitment to subcontract in excess of 25% or the dollar award of all subcontracts to businesses that meet the tests in (3)(a) or (3)(b) above; and

- The purpose of the Section 3 program is to ensure that employment and other economic opportunities generated by certain types of activities undertaken by DCHA with HUD funding are, to "the greatest extent feasible," directed to:
 - a. Low and very-low income persons, particularly public housing residents and other DCHA Voucher Program participants; and
 - b. Business concerns which provide economic opportunities to such persons; and,
- It is the policy of DCHA to continue to expand the mechanisms through which public housing residents, residents of surrounding communities, and Housing Choice Voucher Program participants can develop careers and generate income that can permanently sustain economic independence; and
- DCHA's implementation of the Section 3 Program provides a mechanism that will enable DCHA to require and help its contractors, subcontractors, vendors and suppliers to provide employment, training, and business opportunities for public housing residents, residents or surrounding communities, and Housing Choice Voucher Program participants; and
- The Section 3 Program promotes economic development through entrepreneurial, self-sufficiency and community reinvestment opportunities; and
- 24 C.F.R. § 135.30 (a) creates a "safe harbor" whereby recipients and covered contractors may demonstrate compliance with the "greatest extent feasible" requirement of Section 3 by meeting the listed numerical requirements.

The undersigned parties agree to comply with the following provisions in accordance with DCHA's Section 3 policy:

- 1. Section 3 Hiring Requirements. Contractor agrees at least 10% of its total labor hours shall be allotted to Section 3 individuals.
 - a. In the event that Contractor fails to reach the 10% requirement, Contractor must provide a written justification of the impediments encountered and what actions or other economic opportunities, such as joint venturing, Contractor attempted in efforts to reach the requirement.
 - b. Contractor must complete and record exit evaluations of "Section 3 Resident" employees for each job assignment completed.
 - c. New hires are subject to contractor's standard employment policies. Moreover, Contractor can hire an applicant to work on the job site or within Contractor's office/plant, etc. The work does not have to be directly related to the contract in question.

- 2. Section 3 Contracting Requirements. Contractor agrees to meet the minimum Section 3 contracting requirements as a safe harbor that meets the "greatest extent feasible" statutory requirement as follows:
 - a. For contracts for building trades work for maintenance, repair, modernization or development, Contractor agrees to award contracts of at least 10% of the total dollar amount of contracts or subcontracts to "Section 3 Businesses".
 - b. For all other covered contracts, Contractor agrees to award contracts of at least 3% of the total dollar amount of contracts or subcontracts to "Section 3 Businesses".
 - c. In the event that the Contractor fails to meet these minimum numerical requirements, Contractor must demonstrate in writing why it was not feasible to meet the numerical requirements, including actions taken and any impediments encountered as well as other economic opportunities that were provided in the absence of meeting the requirement.
 - d. Contractors must differentiate between labor and non-labor (materials and supplies) dollars so that the amount of Section 3 dollars to be expended can be determined. This must be completed within five (5) days after the execution of the contract. Service contractors' total contract amount will be used as their labor dollars in determining the Section 3 dollar amount to be expended unless supplies/materials must also be purchased for this contract; in such case that amount is deducted.
 - e. Contractors must complete the forms included in the bid packets and are further required to submit monthly reports of all payments made to Section 3 subcontractors. If no payment is made in a given month, it must be noted and discussed with the Section 3 Coordinator.
- 3. Eligible Section 3 Subcontractors. A database of eligible "Section 3 Businesses" and suppliers will be developed and maintained by the DC Department of Housing and Community Development (DHCD). This database will be continually updated and made available upon request to Contractor. The database contains the names, addresses and telephone numbers of "Section 3 Businesses" and suppliers, basic firm descriptions, lists of projects completed, references, bonding capacity, union affiliation and certification.
- 4. **Joint Ventures.** DCHA encourages joint ventures with "Section 3 Businesses" as a means of complying with the requirements of Section 3. In addition to performing the work, joint ventures will help Section 3 businesses strengthen their internal management structures, enhance them to learn from the technical expertise and experience of established contractors.

- a. Section 3 joint venture is an association of business concerns, one of which is a "Section 3 Business". The joint venture must be formed by a written joint venture agreement that must be submitted to the Office of Administrative Services and the Section 3 Coordinator for confirmation that it meets Section 3 requirements.
- b. Under the terms of the joint venture agreement, the "Section 3 Business" must be responsible for a clearly defined portion of the work and hold management responsibilities. The "Section 3 Business" must perform at least 25% of the work and be contractually entitled to a proportionate share of the compensation.
- 5. Section 3 Compliance Procedures. If Contractor fails to meet the Section 3 hiring and/or contracting requirements, DCHA may determine it to be non-compliant. If DCHA determines that Contractor is non-compliant, DCHA shall serve written notice of its determination of non-compliance on Contractor or its representatives. Contractor shall be responsible for notifying any subcontractor or supplier who is not in compliance.
 - a. Corrective Plans Upon request of DCHA, Contractor agrees to meet with the Section 3 Compliance Coordinator and any other appropriate representative from DCHA within three (3) working days of the written notice in order to determine a Plan for correcting the deficiencies and determining the time period within which such remedy shall be effected.
 - b. If a remedy is not agreed upon within three (3) days of the required notice, the Section 3 Compliance Coordinator shall prescribe the remedy by which deficiencies shall be corrected and notify Contractor in writing of such determination.
- 6. Sanctions. If Contractor does not correct the deficiencies in the manner prescribed within thirty (30) calendar days, the Contracting Officer may impose the following sanctions:
 - a. Withholding payments on contracts; and/or
 - b. Canceling and suspending contracts; and/or
 - c. Placing Contractor on list of contractors who fail to comply with the DCHA's Section 3 requirements.
 - d. The Contractor may also be subject to a fine that is equivalent to 10% of the total labor hours for the lowest paid position on the contract.
- 7. Section 3 Reporting Procedures. Contractor agrees to submit monthly Section 3 Status Reports to the Section 3 Compliance Coordinator.

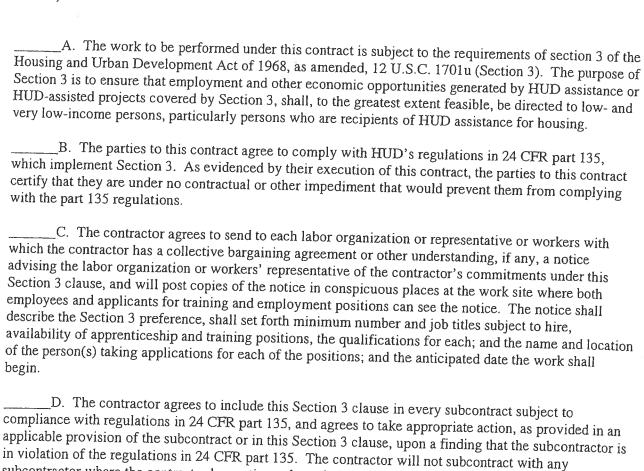

- 8. Section 3 Clauses. Attachment A to this Contract contains the "Section 3 Clauses". Contractor agrees to include these clauses in all subcontracts related to its contract with DCHA.
- 9. The parties further certify that the persons executing this Agreement have the authority to so bind the parties to this Agreement.

ALL OCCUPATIONS LISTED ABOVE RECEIVE THE FOLLOWING BENEFITS:

HEALTH & WELFARE: \$4.02 per hour or \$160.80 per week or \$696.79 per month

VACATION: 2 weeks paid vacation after 1 year of service with a contractor or successor; 3 weeks after 5 years, and 4 weeks after 15 years. Length of service includes the whole span of continuous service with the present contractor or successor, wherever employed, and with the predecessor contractors in the performance of similar work at the same Federal facility. (Reg. 29 CFR 4.173)

HOLIDAYS: A minimum of ten paid holidays per year, New Year's Day, Martin Luther King Jr's Birthday, Washington's Birthday, Memorial Day, Independence Day, Labor Day, Columbus Day, Veterans' Day, Thanksgiving Day, and Christmas Day. (A contractor may substitute for any of the named holidays another day off with pay in accordance with a plan communicated to the employees involved.) (See 29 CFR 4174)

THE OCCUPATIONS WHICH HAVE NUMBERED FOOTNOTES IN PARENTHESES RECEIVE THE FOLLOWING:

1) COMPUTER EMPLOYEES: Under the SCA at section 8(b), this wage determination does not apply to any employee who individually qualifies as a bona fide executive, administrative, or professional employee as defined in 29 C.F.R. Part 541. Because most Computer System Analysts and Computer Programmers who are compensated at a rate not less than \$27.63 (or on a salary or fee basis at a rate not less than \$455 per week) an hour would likely qualify as exempt computer professionals, (29 C.F.R. 541. 400) wage rates may not be listed on this wage determination for all occupations within those job families. In addition, because this wage determination may not list a wage rate for some or all occupations within those job families if the survey

data indicates that the prevailing wage rate for the occupation equals or exceeds \$27.63 per hour conformances may be necessary for certain nonexempt employees. For example, if an individual employee is nonexempt but nevertheless performs duties within the scope of one of the Computer Systems Analyst or Computer Programmer occupations for which this wage determination does not specify an SCA wage rate, then the wage rate for that employee must be conformed in accordance with the conformance procedures described in the conformance note included on this wage determination.

Additionally, because job titles vary widely and change quickly in the computer industry, job titles are not determinative of the application of the computer professional exemption. Therefore, the exemption applies only to computer employees who satisfy the compensation requirements and whose primary duty consists of:

- (1) The application of systems analysis techniques and procedures, including consulting with users, to determine hardware, software or system functional specifications;
- (2) The design, development, documentation, analysis, creation, testing or modification of computer systems or programs, including prototypes, based on and related to user or system design specifications;
- (3) The design, documentation, testing, creation or modification of computer programs related to machine operating systems; or
- (4) A combination of the aforementioned duties, the performance of which requires the same level of skills. (29 C.F.R. 541.400).
- 2) AIR TRAFFIC CONTROLLERS AND WEATHER OBSERVERS NIGHT PAY & SUNDAY PAY: If you work at night as part of a regular tour of duty, you will earn a night differential and receive an additional 10% of basic pay for any hours worked between 6pm and 6am. If you are a full-time employed (40 hours a week) and Sunday is part of your regularly scheduled workweek, you are paid at your rate of basic pay plus a Sunday premium of 25% of your basic rate for each hour of Sunday work which is not overtime (i.e. occasional work on Sunday outside the normal tour of duty is considered overtime work).

HAZARDOUS PAY DIFFERENTIAL: An 8 percent differential is applicable to employees employed in a position that represents a high degree of hazard when working with or in close proximity to ordinance, explosives, and incendiary materials. This includes work such as screening, blending, dying, mixing, and pressing of sensitive ordance, explosives, and pyrotechnic compositions such as lead azide, black powder and photoflash powder. All dry-house activities involving propellants or explosives. Demilitarization, modification, renovation, demolition, and maintenance operations on sensitive ordnance, explosives and incendiary materials. All operations involving regrading and cleaning of artillery ranges.

A 4 percent differential is applicable to employees employed in a position that represents a low degree of hazard when working with, or in close proximity to ordance, (or employees possibly adjacent to) explosives and incendiary materials which involves potential injury such as laceration of hands, face, or arms of the employee engaged in the operation, irritation of the skin, minor burns and the like; minimal damage to immediate or adjacent work area or equipment being used. All operations involving, unloading, storage, and hauling of ordance, explosive, and incendiary ordnance material other than small arms ammunition. These differentials are only applicable to work that has been specifically designated by the agency for ordance, explosives, and incendiary material differential pay.

** UNIFORM ALLOWANCE **

If employees are required to wear uniforms in the performance of this contract (either by the terms of the Government contract, by the employer, by the state or local law, etc.), the cost of furnishing such uniforms and maintaining (by laundering or dry cleaning) such uniforms is an expense that may not be borne by an employee where such cost reduces the hourly rate below that required by the wage

determination. The Department of Labor will accept payment in accordance with the following standards as compliance:

The contractor or subcontractor is required to furnish all employees with an adequate number of uniforms without cost or to reimburse employees for the actual cost of the uniforms. In addition, where uniform cleaning and maintenance is made the responsibility of the employee, all contractors and subcontractors subject to this wage determination shall (in the absence of a bona fide collective bargaining agreement providing for a different amount, or the furnishing of contrary affirmative proof as to the actual cost), reimburse all employees for such cleaning and maintenance at a rate of \$3.35 per week (or \$.67 cents per day). However, in those instances where the uniforms furnished are made of "wash and wear" materials, may be routinely washed and dried with other personal garments, and do not require any special treatment such as dry cleaning, daily washing, or commercial laundering in order to meet the cleanliness or appearance standards set by the terms of the Government contract, by the contractor, by law, or by the nature of the work, there is no requirement that employees be reimbursed for uniform maintenance costs.

The duties of employees under job titles listed are those described in the "Service Contract Act Directory of Occupations", Fifth Edition, April 2006, unless otherwise indicated. Copies of the Directory are available on the Internet. A links to the Directory may be found on the WHD home page at http://www.dol.gov/esa/whd/ or through the Wage Determinations On-Line (WDOL) Web site at http://wdol.gov/.

REQUEST FOR AUTHORIZATION OF ADDITIONAL CLASSIFICATION AND WAGE RATE {Standard Form 1444 (SF 1444)}

Conformance Process:

The contracting officer shall require that any class of service employee which is not listed herein and which is to be employed under the contract (i.e., the work to be performed is not performed by any classification listed in the wage determination), be classified by the contractor so as to provide a reasonable relationship (i.e., appropriate level of skill comparison) between such unlisted classifications and the classifications listed in the wage determination. Such conformed classes of employees shall be paid the monetary wages and furnished the fringe benefits as are determined. Such conforming process shall be initiated by the contractor prior to the performance of contract work by such unlisted class(es) of employees. The conformed classification, wage rate, and/or fringe benefits shall be retroactive to the commencement date of the contract. {See Section 4.6 (C)(vi)} When multiple wage determinations are included in a contract, a separate SF 1444 should be prepared for each wage determination to which a class(es) is to be conformed.

The process for preparing a conformance request is as follows:

- 1) When preparing the bid, the contractor identifies the need for a conformed occupation(s) and computes a proposed rate(s).
- 2) After contract award, the contractor prepares a written report listing in order proposed classification title(s), a Federal grade equivalency (FGE) for each proposed classification(s), job description(s), and rationale for proposed wage rate(s), including information regarding the agreement or disagreement of the authorized representative of the employees involved, or where there is no authorized representative, the employees themselves. This report should be submitted to the contracting officer no later than 30 days after such unlisted class(es) of employees performs any contract work.
- 3) The contracting officer reviews the proposed action and promptly submits a report of the action, together with the agency's recommendations and pertinent information including the position of the contractor and the employees, to the Wage

and Hour Division, Employment Standards Administration, U.S. Department of Labor, for review. (See section 4.6(b)(2) of Regulations 29 CFR Part 4).

- 4) Within 30 days of receipt, the Wage and Hour Division approves, modifies, or disapproves the action via transmittal to the agency contracting officer, or notifies the contracting officer that additional time will be required to process the request.
- 5) The contracting officer transmits the Wage and Hour decision to the contractor.
- 6) The contractor informs the affected employees.

Information required by the Regulations must be submitted on SF 1444 or bond paper.

When preparing a conformance request, the "Service Contract Act Directory of Occupations" (the Directory) should be used to compare job definitions to insure that duties requested are not performed by a classification already listed in the wage determination. Remember, it is not the job title, but the required tasks that determine whether a class is included in an established wage determination. Conformances may not be used to artificially split, combine, or subdivide classifications listed in the wage determination.
