**CAPTION: VOICE OVER INTERNET PROTOCOL (VOIP) PROJECT**

**REQUEST FOR PROPOSALS  
VOICE OVER INTERNET PROTOCOL (VOIP) PROJECT**

**SECTION A – GENERAL INSTRUCTIONS**

**A.1 OVERVIEW**

The District of Columbia Housing Authority (DCHA) is dedicated to enhancing the quality of life in the District of Columbia by providing and effectively managing affordable housing, which is diverse, well maintained, and aesthetically pleasing for those whose circumstances prevent them from competing in the general marketplace. In addition to operating over 8,000 publicly owned rental units, DCHA also contracts over 10,000 private units through its Housing Choice Voucher Program. DCHA has embarked on an ambitious program of development and redevelopment to create economically diverse communities and neighborhoods. DCHA is one of the most innovative housing authorities in the nation and is actively pursuing non-governmental sources of financing to promote HCVP homeownership assistance programs, project-based public housing subsidies, and implement more creative uses of its Move to Work authority.

DCHA has a customer service call center to respond to customer inquiries and problems. The call center responds to more than 19,000 external calls per month. Services provided by the call center include responding to requests for maintenance and administrative work orders, scheduling all DCHA appointments for head of household changes and lease additions, and responding to and dispatching DCHA emergency calls.

DCHA is requesting proposals from qualified telephone service companies to replace DCHA's current Private Branch Exchange (PBX) telephone system. DCHA is located in Washington, DC.

A.1.1 DCHA is currently facing several challenges with its current telecommunications system including the following:

- DCHA's telecommunications system is based on older hardware and software technology that does not take advantage of the newer technology and feature sets available today.
- There are two current telecommunications systems (Avaya & old technology managed by Verizon) that are incompatible and expensive to maintain.

A.1.2 These challenges are the impetus for DCHA's plan to upgrade its existing telecommunications system. DCHA is seeking a solution that addresses the above concerns. DCHA is requesting proposals from qualified telephone service companies to supply and install a new telecommunications system as outlined in this RFP.

## **SECTION B – SCOPE OF SERVICES**

### **B.1 PROJECT SUMMARY**

DCHA seeks an "on premise" or "hosted" telecommunications system replacement that will achieve the following key goals:

- Provide IP-based voice capability. The new system will provide a Voice over Internet Protocol (VoIP) solution that DCHA can leverage for current and future applications.
- Acquire a system that can be easily configured and installed with no or minimal interruption to DCHA's current operations and systems.
- Implement a system that is compatible with DCHA's IT infrastructure.
- The new system must operate on DCHA's current IT infrastructure with limited modifications.
- The system must be capable of operating for a period of not less than 10 (ten) minutes in the event of a power outage at DCHA locations which shall include its headquarters and remote locations.
- VoIP System upgrade extensions (ability to access all numbers within the VOIP system) and voice mail must be able to be retrieved remotely.
- The proposed system must be able to support integrated voice mail capabilities.
- The system must be well supported and maintained.
- System must either include IVR (Interactive Voice Response) capabilities or be readily configurable to connect to a third party IVR
- System must include the capability to provide ACD (Automated Call Distribution) services
- Support for 911/Emergency call-out
- Cost effective
- The new telecommunications system must be scalable such that it can be expanded to meet DCHA's future needs.
- The new telecommunications system must be portable to a new DCHA location with only nominal re-implementation and no other Respondent costs or consents.

### **B.2 TIMELINE /SCHEDULE OF EVENTS**

Following are key dates for this RFP. DCHA is committed to adhering to this schedule but reserves the right to make modifications.

- Release RFP – 05/26/2015
- Respondent Questions Due - 06/10/2015 12:00 noon
- Proposals Due – 7/1/2015 11:00 a.m.

- Respondent Interviews/Demos - 07/13/2015 thru 07/17/2015
- Respondent Selection/Staff Recommendation - TBD

### B.3 ADDITIONAL INFORMATION

DCHA has no obligation to accept an offer from any Respondent as a result of this RFP. Each response to this RFP shall be done at the sole cost and expense of each proposing firm and with the express understanding that no claims against DCHA for reimbursement will be accepted.

The selection of the best proposal will be based on best value which is based on, but not limited to: (1) costs, (2) product quality, (3) equipment warranty, (4) scope of support program and service levels, (5) reasonableness of contract terms, and (6) Respondent's ability to meet the needs of DCHA. The proposal with the lowest monetary cost will not necessarily be selected.

### B.4 VOICE SYSTEMS

DCHA's current voice system (see Appendix A for Landline listing, majority landline numbers are managed by Verizon) is antiquated, ineffective, and inefficient to maintain; this is coupled with an Avaya managed system (approximately 160 landline numbers) that is VOIP compatible. The Respondent may keep and build on the existing Avaya system. DCHA also has several analog telephone lines that we anticipate retiring completely, most of which are being replaced by data faxing technology.

It is anticipated that DCHA will retain its 535 exchange. Proposal should include any anticipated impacts if DCHA must change its exchange.

DCHA uses Verizon for both inbound and outbound local and long distance services.

DCHA currently has approximately 48 locations (see Appendix B for location listing) ("Off-Site Locations"); majority of which utilize the Verizon managed system.

DCHA's headquarters, located at 1133 North Capitol Street NE, Washington, DC 20002, along with all of its Off-Site Locations, are already connected in a Wide Area Network topology, managed by DC-Net (a division of District of Columbia Government's Office of the Chief Technology Office (OCTO)), mostly utilizing Cisco Routers (that are Power over Ethernet (POE) ready).

DCHA uses (primarily at the Off-Site Locations) Cisco Catalyst 3560 (Series POE 24 Port Switch). At our headquarters, it is expected that new equipment would be introduced, replacing almost all existing equipment.

## B.5 CABLE INFRASTRUCTURE

DCHA's headquarters location is wired with Category 6 cabling; where the rest of the locations have Category 5 cabling. DCHA's WAN is centered at the headquarters, where all properties access the Internet, via the data center, located on the ground floor of the headquarters' building.

## B.6 SYSTEM REQUIREMENTS

DCHA is interested in options that leverage existing investments and phased approaches that can help ensure a smooth transition to a new system. The following is an overview of the key requirements followed by specific desired features of a new system.

### B.6.1 *High Level Solutions*

- PBX replacement (VoIP)
- Handset replacement based upon the quantities and locations specified in Appendix B
- Data Switch replacement to include POE, primarily in Headquarters.
- Unified messaging Voicemail
- Long term maintenance agreement plan (in yearly increments), which shall include equipment and software, for a term not to exceed five years
- Speaker phones
- Standard phones
- IVR/Call Center capability built in or compatible with third party system
- Supports Music on Hold (MOH) or other similar signaling to let callers know that they are still connected
- Ability to generate custom messages for greetings, ACD, etc., without the need for Respondent or outside assistance
- Softphone, wireless, Bluetooth capability
- Remote extension capability outside the local WAN
- System phonebook/directory availability
- The solution should provide for a Graphical User Interface for use by the extension users to help facilitate call handling and status
- The solution should allow for administrators to perform adds, moves or changes and software upgrades
- The solution should provide for diagnostic tools so local administrators can diagnose problems

### **B.6.2 Telephone Units**

There will be a need to replace approximately 1000 phone units that are not compatible with VOIP technology. Please include, as a separate line item, the costs associated with supplying and installing the replacement units.

- Telephones providing easy single button access to standard features including hold, transfer, voice mail and Message Waiting Indicator (MWI)
- Headset Port integration and designated on/off button on the telephone
- Display of internal CID name and extension
- Separate volume control for handset, speaker and ringing features
- Support a minimum of 100Mbs data pass-through to connected PC equipment

#### ***Additional Required Features***

##### **▪ *Automated Call Distribution (ACD) and Automated Attendant System***

The system, at a minimum, must have fairly robust ACD capabilities that optionally allows for call handling via DTMF (Dual Tone Multi Frequency) into singular extensions, call groups, call queues, voice mail and/or to external numbers.

##### **▪ *911***

Regardless of the location, dialing 911 from any site on DCHA's system must, at a minimum, identify the physical building address to E-911 operators.

##### **▪ *Wireless capability***

The system should support the use of wireless IP phones and/or DECT cordless phones. The system should also support softphone applications that can run on Windows, IOS and Android operating system based devices (phones & tablets).

##### **▪ *Voicemail***

DCHA is seeking a centralized voicemail solution that is integrated with the VoIP system. Many departments will benefit from information only mailboxes that will assist with high volume non-emergency calls as well as frequently and repetitively asked questions. The selected system will have the ability to support automated attendant for multiple departments independently. Further,

the system will be able to provide notification of voice mail via Message Waiting Indicators (MWI) on the hard and soft phones and can be programmed to send an email.

▪ *Unified Messaging*

DCHA seeks a system that provides Unified Messaging (UM) integration with Microsoft Exchange. The unified messaging or IP network integration options should provide network compliance and interoperability with Microsoft Windows Server 2008 or later and Microsoft Exchange 2010 or later.

### **B.6.3 *System Administration***

A secure and flexible “access-points” of administration is desired to administer all DCHA sites. The desired system will allow the IT Department to manage most of the required system administration functions for all locations from multiple locations if desired. System administration requirements include:

- Secure administration for all sites on the network
- DCHA's WAN with system administrative authorization
- Ability to run basic diagnostic checks and backup as well as restore data
- Include the management of site telecom database, voicemail database, end user data and voicemail/email messages
- Ability to support remote administration at all sites
- Ability to perform standard software changes (moves, adds, changes)
- Ability to build/modify stations, trunk groups, trunk routing tables and ACD (Automated Call Distribution) groups from Graphical User Interface (GUI) using English language
- commands
- The system must provide reporting that allows the system administrator to determine traffic/trunking requirements, processor busy levels and service quality
- Additional traffic measurement tools with the ability to determine call volume by department would be very useful for determining staffing and scheduling
- Ability for IT staff to perform software upgrades if not provided as part of the annual support and maintenance of hardware and software

#### **B.6.4 *Call Accounting System***

DCHA is interested in utilizing call accounting features for the new system to better track call information. The system should be easy to administer and include built in reporting capabilities for numbers contacted.

#### **B.6.5 *Power and Redundancy***

Survivability is critical. Phone sets in an IP solution require power. Each Respondent will need to clearly state how their system provides power to the telephones and the associated impact to space, capacity, etc. A UPS should be included as part of the hardware solution if any support equipment is needed outside the datacenter.

It is essential that the chosen system be evaluated for reliability from both the standpoint of historical up time to redundant operations. The proposed solution should provide redundancy options/alternatives to insure that critical identified sites remain in service in the event of a disaster or major power failure.

Proposals for hosted systems must include a detailed description of the redundancy, disaster recovery and business continuity safeguards, policies and recovery times that apply to the hosted part of the solution, and identify the primary and any redundant locations involved.

#### **B.6.6 *Call Center Capability – Optional Feature, please provide line item in bid***

The system should be able to optionally support those activities normally associated to a call center. More specifically, calls should be able to be received and routed to a group of designated agents and placed in a "queue". The system should then direct the call to an available agent using a strategy that DCHA has selected from a variety of available strategies (random, least talk time, round-robin, etc.) that DCHA can easily manipulate to suit the given environment or need. The call center capability should also support common call center features such as "Listen In", "Listen & Whisper", and "Barge In" for supervisory personnel to assist in aiding customers and training new agents. Finally, the call center capability should possess some form of statistical reporting that allows DCHA to gauge the volume of calls and how well the call center is responding to the demand.

#### **B.6.7 *System type***

DCHA will entertain bids for "Hosted" and "On-premise" type VoIP systems. DCHA preference is for a "Hosted" system. DCHA will entertain bids for either system. Each bid must include which type of system is being proposed and why

the Respondent believes the solution is best for DCHA. Respondents may submit alternate bids for different system types. The description of the system shall also include all of the underlying manufacturer's VoIP technology and licensing requirements (if any).

**B.6.8 *Connectivity***

The bid shall contain the various methodologies that the system may utilize to gain access to the Public Switched Telephone Network (PSTN) and which method the Respondent recommends for DCHA and why. The bid should outline the number of lines expected; the costs associated to the method and estimate the monthly recurring costs for the associated phone service recommended.

**B.6.9 *IVR – Optional Feature, please provide line item in bid***

An Interactive Voice Response (IVR) feature is also of interest to DCHA. While not an official requirement of this RFP, it is desired that any system being considered have a (inherent or 3rd party application tie) capability to incorporate automated responses to assist our customers in obtaining answers to rudimentary queries that might otherwise require DCHA personnel. Examples of such IVR interaction may encompass (but not necessarily limited to):

- Ability for customers to submit Credit Card payments by phone
- Allow customer access to basic account info (bill due date, amount due, last month's usage, etc.)
- Allow customers to learn of any outages
- Display customer account information automatically on an agent's computer screen based on caller I.D.

NOTE: Phone systems that have an integrated IVR capability should be described in some detail so as to provide DCHA an idea of the feature sets, programming ease, flexibility and general ability of the IVR aspect to possibly meet future DCHA needs.

**B.6.10 *Optional Features***

DCHA is interested in additional features and functionality that can improve customer service and DCHA operations such as video conferencing, and mobility solutions. Respondents are encouraged to provide suggested systems.

**B.7 IMPLEMENTATION REQUIREMENTS**

**B.7.1 *Project Management***

DCHA is looking for a full service provider that can offer a turn-key solution. The implementation process will need to include project controls and processes that

will ensure a smooth roll-out. Respondents should discuss technology/platform strategy and future upgrade plans that will assist in the decision process.

#### **B.7.4 *Implementation Plan***

Provide a work plan including Respondent's methodology for implementing the proposed solution. This section should address all key phases including project planning, configuration, testing, rollout and support. A project plan listing tasks, dependencies, owner (Respondent or customer) and associated labor hours is required. Responses should include implementation plan considerations including estimated time frame and deliverables for various stages of the project. Responses should include a discussion of resources required by DCHA staff including IT personnel and end user training for the implementation as well as skills required to support the new system. Key areas of interest include testing procedures and project risk mitigation to help avoid system downtime. The plan should include a review and acceptance process and criteria allowing DCHA final acceptance of the fully-implemented turn-key solution. Final payment will be provided after DCHA final acceptance.

In addition to evaluating the plan described above, evaluation of the implementation plan will include evaluation of the scope of support program and service levels and the reasonableness of contract terms.

#### D.8 SECTION 3 REQUIREMENTS

All Contractors shall comply with the Section 3 Program, as defined in the Housing and Urban Development Act of 1968 (12 U.S.C. 1701u) (Section 3), amended by the Housing and Community Development Act of 1992 (1992 Act commonly known as and herein after as the Section 3 Program). Section 3 compliance requires all Contractors performing work on behalf of the DCHA or any of its subsidiaries to ensure that training, employment, contracting and other economic opportunities generated by the Federal financial assistance shall, to the greatest extent feasible, be directed toward low-income and very-low-income persons, particularly those who are recipients of government assistance for housing. Our first priority will be to a DCHA resident or program participant. The minimum numerical goal for employment shall be equal to 10% of the total number of labor hours on this contract. A 2<sup>nd</sup> option for compliance under this act is to annually enroll Section 3 individuals totaling at minimum 30% to an Apprenticeship program. Another option is to subcontract to a Section 3 business concern. In accordance with the HUD regulations, 10% of the subcontract may be awarded to section 3 business concerns for construction and 3% of the subcontract may be awarded to section 3 business concerns for non-construction contracts. A 4<sup>th</sup> option for compliance is to propose a unique program that provides internships for residents or program participants or, provides pro bono services to DCHA program participants or Section 3 businesses. Cash donations to DCHA's Section 3 Fund are presented as a "last resort option" to Contractors who have exhausted all priority preferences and are unable to hire or train Section 3 individuals for the following reasons:

- The contract is immediate and the period is minimal or
- The skill sets required by the staff is too technical or too advanced for the Section 3 individuals seeking employment.

Cash donations will be equivalent to the hourly wage rate of the lowest paid employee on the project, times 10% of the total labor hours for the task being performed. The funds support the removal of barriers for DCHA residents and program participants by providing resources such as training, or licenses.

Contractors and subcontractors will:

1. Incur all costs required for compliance with the applicable regulations;
2. Be subject to DCHA monitoring for compliance, and
3. Accept any applicable penalties for non-compliance.

**The Contractor must include evidence of past performance, an “Action Plan for Section 3 Commitment” and an “Estimated Project Workforce Breakdown” along with their bid proposal to be considered for contract award.** These documents should include a brief narrative description of the contract, and training and/or job opportunities for Section 3 participants as a part of this contract. The Respondent should describe, in detail, the type of commitment set forth and methods to be utilized to accomplish the Section 3 Commitment. Specifically, the details of this plan should address the following: (1) indicate whether the firm has a valid Section 3 Certificate (issued by the Department of Housing and Community Development); (2) Provide a detailed description of the hiring plan for DCHA program participants. Include the number and type of jobs to be provided; include the number and type of training plan for DCHA program participants, whether interns will be contracted or, if funding will be provided for training; (4) Outline the firm’s proposal, if any, to subcontract to Section 3 businesses; and (5) Is your firm willing to provide pro bono services to DCHA program participants, or Section 3 businesses? Describe in detail, the type of service to be provided. A template of the Action Plan for Section 3 Commitment and a copy of the Estimated Project Workforce Breakdown have been enclosed with this letter solicitation (**Attachments**).

DCHA recognizes that the Contractor seeks trainees and/or employees that meet certain requirements. In order to better facilitate this goal, all efforts to hire to meet the Contractor’s Section 3 goals must be coordinated through the DCHA Section 3 Compliance Coordinator. Each Section 3 Plan will be rated on the quantity of job opportunities and on the quality of the training and/or the development of skills that lead to economic self-sufficiency and careers.

**Examples of Opportunities:**

Administrative/ Management	accounting, payroll, research, bookkeeping, purchasing, word processing
Services	appliance repair, florists, marketing, carpet installation, janitorial, courier, photography, catering, landscaping, printing, computer/information, manufacturing, transportation.

### **Non-Compliance Procedures**

After a determination by DCHA that the Contractor has failed to comply with the Section 3 terms of their contract, DCHA shall serve notice of such non-compliance to the Contractor or its representative. The Contractor shall be responsible for notifying any subcontractor(s) who is not in compliance.

Upon request, the Contractor determined to be non-compliant shall meet with DCHA within three (3) working days of written notice in order to determine a method of correcting the deficiencies and determining the time period within such remedy shall be effective. If remedy is not agreed upon within three (3) days of the required notice, DCHA shall prescribe the remedy by which deficiencies shall be corrected and notify the Contractor in writing of such a determination. If the Contractor does not correct the deficiencies in the manner as directed by DCHA within thirty (30) calendar days DCHA may impose any or all of the following sanctions:

### **Monitoring**

### **Reporting**

Contractor must submit monthly reports regarding their Section 3 activities as requested by the Section 3 Compliance Coordinator. If Contractors chose to contract with Section 3 business concerns they must also submit proof of payment to those businesses.

\*Approved apprenticeship and trainee programs include: an apprenticeship program approved by the Bureau of Apprenticeship and Training of the Department of Labor, or a State Apprenticeship Agency, or an on-the-job training program approved by the Bureau of Apprenticeship and Training, in accordance with the regulation at 29 CFR part 5; or a training program approved by HUD in accordance with HUD policies and guidelines, as applicable. Participation in an approved apprenticeship program does not, in and of itself, demonstrate compliance with the regulations of this part.

### **BONUS POINTS**

DCHA will add additional points for Business Enterprise Designations after the technical evaluations have been completed and the competitive range has been established by the Contracting Officer.

Upon determination of the competitive range, each Respondent who has been deemed technically qualified and is within the competitive range can receive additional points if the Respondent is determined to be a Local Small Minority or Woman-Owned Business Enterprise (LSM/WBE).

#### **6. The following definitions apply for DCHA Business Enterprise Designation Points:**

“Local” means within the Metropolitan Business Area;  
“Small” means a firm with 500 employees or less;  
“Minority” means 51% ownership; and  
“Woman-Owned” means 51% ownership.

The points shall be awarded to the Respondents based on a review of the Respondent, either party of a joint-venture, or a Respondent’s subcontractors.

The points will be awarded in the following manner:

Local	= 2.5 points
Small	= 2.5 points
Minority	= 2.5 points

Woman-Owned = 2.5 points  
A maximum of 10 points can be added to the score of a technically qualified Respondent who is in the competitive range. **(Weighted Factor 10 points)**

**7. CBE PARTICIPATION – (Weighted Factor 2.5 points)**

DCHA will recognize the District of Columbia’s CBE certification as meeting the requirements of its CBE program. - (a) The HA may at any time, by written order, and without notice to the sureties, if any, make changes within the general scope of this contract in the services to be performed or supplies to be delivered.
- (b) If any such change causes an increase or decrease in the hourly rate, the not-to-exceed amount of the contract, or the time required for performance of any part of the work under this contract, whether or not changed by the order, or otherwise affects the conditions of this contract, the HA shall make an equitable adjustment in the not-to-exceed amount, the hourly rate, the delivery schedule, or other affected terms, and shall modify the contract accordingly.
- (c) The Contractor must assert its right to an equitable adjustment under this clause within 30 days from the date of receipt of the written order. However, if the HA decides that the facts justify it, the HA may receive and act upon a

- proposal submitted before final payment of the contract.
- (d) Failure to agree to any adjustment shall be a dispute under clause Disputes, herein. However, nothing in this clause shall excuse the Contractor from proceeding with the contract as changed.
  - (e) No services for which an additional cost or fee will be charged by the Contractor shall be furnished without the prior written consent of the HA.

#### 3. Termination for Convenience and Default

- (a) The HA may terminate this contract in whole, or from time to time in part, for the HA's convenience or the failure of the Contractor to fulfill the contract obligations (default). The HA shall terminate by delivering to the Contractor a written Notice of Termination specifying the nature, extent, and effective date of the termination. Upon receipt of the notice, the Contractor shall: (i) immediately discontinue all services affected (unless the notice directs otherwise); and (ii) deliver to the HA all information, reports, papers, and other materials accumulated or generated in performing this contract, whether completed or in process.
- (b) If the termination is for the convenience of the HA, the HA shall be liable only for payment for services rendered before the effective date of the termination.
- (c) If the termination is due to the failure of the Contractor to fulfill its obligations under the contract (default), the HA may (i) require the Contractor to deliver to it, in the manner and to the extent directed by the HA, any work as described in subparagraph (a)(ii) above, and compensation be determined in accordance with the Changes clause, paragraph 2, above; (ii) take over the work and prosecute the same to completion by contract or otherwise, and the Contractor shall be liable for any additional cost incurred by the HA; (iii) withhold any payments to the Contractor, for the purpose of off-set or partial payment, as the case may be, of amounts owed to the HA by the Contractor.
- (d) If, after termination for failure to fulfill contract obligations (default), it is determined that the Contractor had not failed, the termination shall be deemed to have been effected for the convenience of the HA, and the Contractor shall be entitled to payment as described in paragraph (b) above.
- (e) Any disputes with regard to this clause are expressly made subject to the terms of clause titled Disputes herein.

#### 4. Examination and Retention of Contractor's Records

- (a) The HA, HUD, or Comptroller General of the United States, or any of their duly authorized representatives shall, until 3 years after final payment under this contract, have access to and the right to examine any of the Contractor's directly pertinent books, documents, papers, or other records involving transactions related to this contract for the purpose of making audit, examination, excerpts, and transcriptions.

- (b) The Contractor agrees to include in first-tier subcontracts under this contract a clause substantially the same as paragraph (a) above. "Subcontract," as used in this clause, excludes purchase orders not exceeding \$10,000.

  - (ii) litigation or settlement of claims arising from the performance of this contract; or,

- (b) All claims by the Contractor shall be made in writing and submitted to the HA. A claim by the HA against the Contractor shall be subject to a written decision by the HA.
- (c) The HA shall, with reasonable promptness, but in no event in no more than 60 days, render a decision concerning any claim hereunder. Unless the Contractor, within 30 days after receipt of the HA's decision, shall notify the HA in writing that it takes exception to such decision, the decision shall be final and conclusive.
- (d) Provided the Contractor has (i) given the notice within the time stated in paragraph (c) above, and (ii) excepted its claim relating to such decision from the final release, and (iii) brought suit against the HA not later than one year after receipt of final payment, or if final payment has not been made, not later than one year after the Contractor has had a reasonable time to respond to a written request by the HA that it submit a final voucher and release, whichever is earlier, then the HA's decision shall not be final or conclusive, but the dispute shall be determined on the merits by a court of competent jurisdiction.
- (e) The Contractor shall proceed diligently with performance of this contract, pending final resolution of any request for relief, claim, appeal, or action arising under the contract, and comply with any decision of the HA.

#### 8. Contract Termination; Debarment

A breach of these Contract clauses may be grounds for termination of the Contract and for debarment or denial of participation in HUD programs as a Contractor and a subcontractor as provided in 24 CFR Part 24.

#### 9. Assignment of Contract

The Contractor shall not assign or transfer any interest in this contract; except that claims for monies due or to become due from the HA under the contract may be assigned to a bank, trust company, or other financial institution. - (b) The Contractor shall make any required corrections promptly at no additional charge and return a revised copy of the product to the HA within 7 days of notification or a later date if extended by the HA.

This term excludes an Indian tribe, tribal organization, or other Indian organization with respect to expenditures specifically permitted by other Federal law.

"Recipient" includes all contractors, subcontractors at any tier, and subgrantees at any tier of the recipient of funds received in connection with a Federal contract, grant, loan, or cooperative agreement. An officer or employee who is employed by such person for less than 130 working days within one year immediately preceding the date of submission that initiates agency consideration of such person shall be considered to be regularly employed as soon as he or she is employed by such person for 130 working days.

"State" means a State of the United States, the District of Columbia, the Commonwealth of Puerto Rico, a territory or possession of the United States, an agency or instrumentality of a State, and a multi-State, regional, or interstate entity having governmental duties and powers.

(b) Prohibition.

- (i) Section 1352 of title 31, U.S.C. provides in part that no appropriated funds may be expended by the recipient of a Federal contract, grant, loan, or cooperative agreement to pay any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with any of the following covered Federal actions: the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.

(ii) The prohibition does not apply as follows:

(1) Agency and legislative liaison by Own Employees.

(a) The prohibition on the use of appropriated funds, in paragraph (i) of this section, does not apply in the case of a payment of reasonable compensation made to an officer or employee of a person requesting or receiving a Federal contract, grant, loan, or cooperative agreement, if the payment is for agency and legislative activities not directly related to a covered Federal action.

(b) For purposes of paragraph (b)(i)(1)(a) of this clause, providing any information specifically requested by an agency or Congress is permitted at any time.

(c) The following agency and legislative liaison activities are permitted at any time only where they are not related to a specific solicitation for any covered Federal action:

(1) Discussing with an agency (including individual demonstrations) the qualities and characteristics of the person's products or services, conditions or terms of sale, and service capabilities; and,

(2) Technical discussions and other activities regarding the application or adaptation of the person's products or services for an agency's use.

(d) The following agency and legislative liaison activities are permitted where they are prior to formal solicitation of any covered Federal action:

(1) Providing any information not specifically requested but necessary for an agency to make an informed decision about initiation of a covered Federal action;

(2) Technical discussions regarding the preparation of an unsolicited proposal prior to its official submission; and

(3) Capability presentations by persons seeking awards from an agency pursuant to the provisions of the Small Business Act, as amended by Public Law 95-507 and other subsequent amendments.

(e) Only those activities expressly authorized by subdivision (b)(ii)(1)(a) of this clause are permitted under this clause.

(2) Professional and technical services.

(a) The prohibition on the use of appropriated funds, in subparagraph (b)(i) of this clause, does not apply in the case of-

(i) A payment of reasonable compensation made to an officer or employee of a person requesting or receiving a covered Federal action or an extension, continuation, renewal, amendment, or modification of a covered Federal action, if payment is for professional or technical services rendered directly in the preparation, submission, or negotiation of any bid, proposal, or application for that Federal action or for meeting requirements imposed by or pursuant to law as a condition for receiving that Federal action.

(ii) Any reasonable payment to a person, other than an officer or employee of a

person requesting or receiving a covered Federal action or an extension, continuation, renewal, amendment, or modification of a covered Federal action if the payment is for professional or technical services rendered directly in the preparation, submission, or negotiation of any bid, proposal, or application for that Federal action or for meeting requirements imposed by or pursuant to law as a condition for receiving that Federal action. Persons other than officers or employees of a person requesting or receiving a covered Federal action include consultants and trade associations.

(b) For purposes of subdivision (b)(ii)(2)(a) of clause, "professional and technical services" shall be limited to advice and analysis directly applying any professional or technical discipline.

(c) Requirements imposed by or pursuant to law as a condition for receiving a covered Federal award include those required by law or regulation, or reasonably expected to be required by law or regulation, and any other requirements in the actual award documents.

(d) Only those services expressly authorized by subdivisions (b)(ii)(2)(a)(i) and (ii) of this section are permitted under this clause.

(iii) Selling activities by independent sales representatives.

(c) The prohibition on the use of appropriated funds, in subparagraph (b)(i) of this clause, does not apply to the following selling activities before an agency by independent sales representatives, provided such activities are prior to formal solicitation by an agency and are specifically limited to the merits of the matter:

(i) Discussing with an agency (including individual demonstration) the qualities and characteristics of the person's products or services, conditions or terms of sale, and service capabilities; and

(ii) Technical discussions and other activities regarding the application or adaptation of the person's products or services for an agency's use.

(d) Agreement. In accepting any contract, grant, cooperative agreement, or loan resulting from this solicitation, the person submitting the offer agrees not to make any payment prohibited by this clause.

(e) Penalties. Any person who makes an expenditure prohibited under paragraph (b) of this clause shall be subject to civil penalties as provided for by 31 U.S.C. 1352. An imposition of a civil penalty does not prevent the Government from seeking any other remedy that may be applicable.

(f) Cost Allowability. Nothing in this clause is to be interpreted to make allowable or reasonable any costs which would be unallowable or unreasonable in accordance with Part 31 of the Federal Acquisition Regulation (FAR), or OMB Circulars dealing with cost allowability for recipients of assistance agreements. Conversely, costs made specifically unallowable by the requirements in this clause will not be made allowable under any of the provisions of FAR Part 31 or the relevant OMB Circulars.

- (a) The Contractor shall not discriminate against any employee or applicant for employment because of race, color, religion, sex, or national origin.

- (f) The Contractor shall comply with Executive Order 11246, as amended, and the rules, regulations, and orders of the Secretary of Labor.
- (g) The Contractor shall furnish all information and reports required by Executive Order 11246, as amended and by rules, regulations, and orders of the Secretary of Labor, or pursuant thereto. The Contractor shall permit access to its books, records, and accounts by the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.
- (h) In the event of a determination that the Contractor is not in compliance with this clause or any rule, regulation, or order of the Secretary of Labor, this contract may be canceled, terminated, or suspended in whole or in part, and the Contractor may be declared ineligible for further Government contracts, or federally assisted construction contracts under the procedures authorized in Executive Order 11246, as amended. In addition, sanctions may be imposed and remedies invoked against the Contractor as provided in Executive Order 11246, as amended, the rules, regulations, and orders of the Secretary of Labor, or as otherwise provided by law.
- (i) The Contractor shall include the terms and conditions of this clause in every subcontract or purchase order unless exempted by the rules, regulations, or orders of the Secretary of Labor issued under Executive Order 11246, as amended, so that these terms and conditions will be binding upon each subcontractor or vendor. The Contractor shall take such action with respect to any subcontractor or purchase order as the Secretary of Housing and Urban Development or the Secretary of Labor may direct as a means of enforcing such provisions, including sanctions for noncompliance; provided that if the

Contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction, the Contractor may request the United States to enter into the litigation to protect the interests of the United States.

- 24 C.F.R. Section 135.1 provides that the purpose of Section 3 of the Housing and Urban Development (HUD) Act of 1968, as amended, 12 U.S.C. 1701u (Section 3) is to ensure that employment and other economic opportunities generated by certain HUD financial assistance shall, to the greatest extent feasible, and consistent with existing Federal, State and local laws and regulations, be directed to low and very low-income persons, particularly those who are recipients of government assistance for housing, and to business concerns which provide economic opportunities to low and very low-income persons; and
- "Section 3 covered activities" are training, employment, contracting, and other economic opportunities arising from development, operating and modernization assistance funded by HUD notwithstanding the amount of the contract or subcontract, and regardless of whether the activity is fully or partially funded by HUD funds; and
- "Section 3 Resident" means:
  - a. A public housing resident;
  - b. Other DCHA Voucher Program participant; or
  - c. An individual who resides in the District of Columbia and who is a low or very low-income person; and,
- "Section 3 Business" means a business concern that:
  - a. Is a business concern that is 51% or more owned by Section 3 residents; or
  - b. A business whose permanent, full-time employees include at least 30% current Section 3 residents (or are within three years of the date of first employment as a Section 3 resident); or

District of Columbia Housing Authority  
1133 North Capitol Street NE, Washington DC 20002-7599

- The purpose of the Section 3 program is to ensure that employment and other economic opportunities generated by certain types of activities undertaken by DCHA with HUD funding are, to "the greatest extent feasible," directed to:
  - a. Low and very-low income persons, particularly public housing residents and other DCHA Voucher Program participants; and
  - b. Business concerns which provide economic opportunities to such persons; and,
- It is the policy of DCHA to continue to expand the mechanisms through which public housing residents, residents of surrounding communities, and Housing Choice Voucher Program participants can develop careers and generate income that can permanently sustain economic independence; and
- DCHA's implementation of the Section 3 Program provides a mechanism that will enable DCHA to require and help its contractors, subcontractors, vendors and suppliers to provide employment, training, and business opportunities for public housing residents, residents or surrounding communities, and Housing Choice Voucher Program participants; and
- The Section 3 Program promotes economic development through entrepreneurial, self-sufficiency and community reinvestment opportunities; and
- 24 C.F.R. § 135.30 (a) creates a "safe harbor" whereby recipients and covered contractors may demonstrate compliance with the "greatest extent feasible" requirement of Section 3 by meeting the listed numerical requirements.

The undersigned parties agree to comply with the following provisions in accordance with DCHA's Section 3 policy:

1. **Section 3 Hiring Requirements.** Contractor agrees at least 10% of its total labor hours shall be allotted to Section 3 individuals.
  - a. In the event that Contractor fails to reach the 10% requirement, Contractor must provide a written justification of the impediments encountered and what actions or other economic opportunities, such as joint venturing, Contractor attempted in efforts to reach the requirement.
  - b. Contractor must complete and record exit evaluations of "Section 3 Resident" employees for each job assignment completed.
  - c. New hires are subject to contractor's standard employment policies. Moreover, Contractor can hire an applicant to work on the job site or within Contractor's office/plant, etc. The work does not have to be directly related to the contract in question.

District of Columbia Housing Authority  
1133 North Capitol Street NE, Washington DC 20002-7599

2. **Section 3 Contracting Requirements.** Contractor agrees to meet the minimum Section 3 contracting requirements as a safe harbor that meets the "greatest extent feasible" statutory requirement as follows:
  - a. For contracts for building trades work for maintenance, repair, modernization or development, Contractor agrees to award contracts of at least 10% of the total dollar amount of contracts or subcontracts to "Section 3 Businesses".
  - b. For all other covered contracts, Contractor agrees to award contracts of at least 3% of the total dollar amount of contracts or subcontracts to "Section 3 Businesses".
  - c. In the event that the Contractor fails to meet these minimum numerical requirements, Contractor must demonstrate in writing why it was not feasible to meet the numerical requirements, including actions taken and any impediments encountered as well as other economic opportunities that were provided in the absence of meeting the requirement.
  - d. Contractors must differentiate between labor and non-labor (materials and supplies) dollars so that the amount of Section 3 dollars to be expended can be determined. This must be completed within five (5) days after the execution of the contract. Service contractors' total contract amount will be used as their labor dollars in determining the Section 3 dollar amount to be expended unless supplies/materials must also be purchased for this contract; in such case that amount is deducted.
  - e. Contractors must complete the forms included in the bid packets and are further required to submit monthly reports of all payments made to Section 3 subcontractors. If no payment is made in a given month, it must be noted and discussed with the Section 3 Coordinator.
3. **Eligible Section 3 Subcontractors.** A database of eligible "Section 3 Businesses" and suppliers will be developed and maintained by the DC Department of Housing and Community Development (DHCD). This database will be continually updated and made available upon request to Contractor. The database contains the names, addresses and telephone numbers of "Section 3 Businesses" and suppliers, basic firm descriptions, lists of projects completed, references, bonding capacity, union affiliation and certification.
4. **Joint Ventures.** DCHA encourages joint ventures with "Section 3 Businesses" as a means of complying with the requirements of Section 3. In addition to performing the work, joint ventures will help Section 3 businesses strengthen their internal management structures, enhance them to learn from the technical expertise and experience of established contractors.

District of Columbia Housing Authority  
1133 North Capitol Street NE, Washington DC 20002-7599

- a. Section 3 joint venture is an association of business concerns, one of which is a "Section 3 Business". The joint venture must be formed by a written joint venture agreement that must be submitted to the Office of Administrative Services and the Section 3 Coordinator for confirmation that it meets Section 3 requirements.
  - b. Under the terms of the joint venture agreement, the "Section 3 Business" must be responsible for a clearly defined portion of the work and hold management responsibilities. The "Section 3 Business" must perform at least 25% of the work and be contractually entitled to a proportionate share of the compensation.
5. **Section 3 Compliance Procedures.** If Contractor fails to meet the Section 3 hiring and/or contracting requirements, DCHA may determine it to be non-compliant. If DCHA determines that Contractor is non-compliant, DCHA shall serve written notice of its determination of non-compliance on Contractor or its representatives. Contractor shall be responsible for notifying any subcontractor or supplier who is not in compliance.
  - a. **Corrective Plans** – Upon request of DCHA, Contractor agrees to meet with the Section 3 Compliance Coordinator and any other appropriate representative from DCHA within three (3) working days of the written notice in order to determine a Plan for correcting the deficiencies and determining the time period within which such remedy shall be effected.
  - b. If a remedy is not agreed upon within three (3) days of the required notice, the Section 3 Compliance Coordinator shall prescribe the remedy by which deficiencies shall be corrected and notify Contractor in writing of such determination.
6. **Sanctions.** If Contractor does not correct the deficiencies in the manner prescribed within thirty (30) calendar days, the Contracting Officer may impose the following sanctions:
  - a. Withholding payments on contracts; and/or
  - b. Canceling and suspending contracts; and/or
  - c. Placing Contractor on list of contractors who fail to comply with the DCHA's Section 3 requirements.
  - d. The Contractor may also be subject to a fine that is equivalent to 10% of the total labor hours for the lowest paid position on the contract.
7. **Section 3 Reporting Procedures.** Contractor agrees to submit monthly Section 3 Status Reports to the Section 3 Compliance Coordinator.

District of Columbia Housing Authority  
1133 North Capitol Street NE, Washington DC 20002-7599

8. **Section 3 Clauses.** Attachment A to this Contract contains the "Section 3 Clauses". Contractor agrees to include these clauses in all subcontracts related to its contract with DCHA.
9. The parties further certify that the persons executing this Agreement have the authority to so bind the parties to this Agreement.

IN WITNESS THEREOF, the undersigned parties execute this Agreement, intending to be bound, this \_\_\_\_\_ day of \_\_\_\_\_, 20\_\_\_\_ in Washington, D.C.

(b) Telegraphic offers will not be considered unless authorized by the solicitation; however, offers may be modified by written or telegraphic notice.

(c) Facsimile offers, modifications or withdrawals will not be considered unless authorized by the solicitation.

## 3. Amendments to Solicitations

(a) If this solicitation is amended, then all terms and conditions which are not modified remain unchanged.

(b) Offerors shall acknowledge receipt of any amendments to this solicitation by

Any prospective offeror desiring an explanation or interpretation of the solicitation, statement of work, etc., must request it in writing soon enough to allow a reply to reach all prospective offerors before the submission of their offers. Oral explanations or instructions given before the award of the contract will not be binding. Any information given to a prospective offeror concerning a solicitation will be furnished promptly to all other prospective offerors as an amendment of the solicitation, if that information is necessary in submitting offers or if the lack of it would be prejudicial to any other prospective offerors.

(a) Any offer received at the place designated in the solicitation after the exact time specified for receipt will not be considered unless it is received before award is made and it -

- (1) Was sent by registered or certified mail not later than the fifth calendar day before the date specified for receipt of offers (e.g., an offer submitted in response to a solicitation requiring receipt of offers by the 20th of the month must have been mailed by the 15th);

- (4) Is the only offer received.

(b) Any modification of an offer, except a modification resulting from the HA's request for "best and final" offer (if this solicitation is a request for proposals), is subject to the same conditions as in subparagraphs (a)(1), (2), and (3) of this provision.

(c) A modification resulting from the HA's request for "best and final" offer received after the time and date specified in the request will not be considered unless received before award and the late receipt is due solely to mishandling by the HA after receipt at the HA.

"Postmark" means a printed, stamped, or otherwise placed impression (exclusive of a postage meter machine impression) that is readily identifiable without further action as having been supplied and affixed by employees of the U.S. or Canadian Postal Service on the date of mailing. Therefore, offerors should request the postal clerk to place a hand cancellation bull's-eye postmark on both the receipt and the envelope or wrapper.

(e) The only acceptable evidence to establish the time of receipt at the HA is the time/date stamp of HA on the offer wrapper or other documentary evidence of receipt maintained by the HA.

(f) The only acceptable evidence to establish the date of mailing of a late offer, modification, or withdrawal sent by Express Mail Next Day Service-Post Office to Addressee is the date entered by the post office receiving clerk on the "Express Mail Next Day Service-Post Office to Addressee" label and the postmark on both the envelope or wrapper and on the original receipt from the U.S. Postal Service. "Postmark" has the same meaning as defined in paragraph (c) of this provision, excluding postmarks of the Canadian Postal Service. Therefore, offerors should request the postal clerk to place a legible hand cancellation bull's eye postmark on both the receipt and the envelope or wrapper.

(g) Notwithstanding paragraph (a) of this provision, a late modification of an otherwise successful offer that makes its terms more favorable to the HA will be considered at any time it is received and may be accepted.

(h) If this solicitation is a request for proposals, proposals may be withdrawn by written notice, or if authorized by this solicitation, by telegram (including mailgram) or facsimile machine transmission received at any time before award. Proposals may be withdrawn in person by a offeror or its authorized representative if the identity of the person requesting withdrawal is established and the person signs a receipt for the offer before award. If this solicitation is an invitation for bids, bids may be withdrawn at any time prior to bid opening.

#### **7. Contract Award**

(a) The HA will award a contract resulting from this solicitation to the responsible offeror whose offer conforming to the solicitation will be most advantageous to the HA, cost or price and other factors, specified elsewhere in this solicitation, considered.

(b) The HA may

- (1) reject any or all offers if such action is in the HA's interest,
- (2) accept other than the lowest offer,
- (3) waive informalities and minor irregularities in offers received, and (4) award more than one contract for all or part of the requirements stated.

(c) If this solicitation is a request for proposals, the HA may award a contract on the basis of initial offers received, without discussions. Therefore, each initial offer should contain the offeror's best terms from a cost or price and technical standpoint.

(d) A written award or acceptance of offer mailed or otherwise furnished to the successful offeror within the time for acceptance specified in the offer shall result in a binding contract without further action by either party. If this solicitation is a request for proposals, before the offer's specified expiration time, the HA may accept an offer, whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award. Negotiations conducted after receipt of an offer do not constitute a rejection or counteroffer by the HA.

(e) Neither financial data submitted with an offer, nor representations concerning facilities or financing, will form a part of the resulting contract.

#### **8. Service of Protest**

Any protest against the award of a contract pursuant to this solicitation shall be served on the HA by obtaining written and dated acknowledgment of receipt from the HA at the address shown on the cover of this solicitation. The determination of the HA with regard to such protest or to proceed to award notwithstanding such protest shall be final unless appealed by the protestor.

#### **9. Offer Submission**

Offers shall be submitted as follows and shall be enclosed in a sealed envelope and addressed to the office specified in the solicitation. The proposal shall show the hour and date specified in the solicitation for receipt, the solicitation number, and the name and address of the offeror, on the face of the envelope.

It is very important that the offer be properly identified on the face of the envelope as set forth above in order to insure that the date and time of receipt is stamped on the face of the offer envelope. Receiving procedures are: date and time stamp those envelopes identified as proposals and deliver them immediately to the appropriate contracting official, and only date stamp those envelopes which do not contain identification of the contents and deliver them to the appropriate procuring activity only through the routine mail delivery procedure.

Length of service includes the whole span of continuous service with the present contractor or successor, wherever employed, and with the predecessor contractors in the performance of similar work at the same Federal facility. (Reg. 29 CFR 4.173)

HOLIDAYS: A minimum of ten paid holidays per year, New Year's Day, Martin Luther King Jr's Birthday, Washington's Birthday, Memorial Day, Independence Day, Labor Day, Columbus Day, Veterans' Day, Thanksgiving Day, and Christmas Day. (A contractor may substitute for any of the named holidays another day off with pay in accordance with a plan communicated to the employees involved.) (See 29 CFR 4174)

THE OCCUPATIONS WHICH HAVE NUMBERED FOOTNOTES IN PARENTHESES RECEIVE THE FOLLOWING:

1) COMPUTER EMPLOYEES: Under the SCA at section 8(b), this wage determination does not apply to any employee who individually qualifies as a bona fide executive, administrative, or professional employee as defined in 29 C.F.R. Part 541. Because most Computer System Analysts and Computer Programmers who are compensated at a rate not less than \$27.63 (or on a salary or fee basis at a rate not less than \$455 per week) an hour would likely qualify as exempt computer professionals, (29 C.F.R. 541.400) wage rates may not be listed on this wage determination for all occupations within those job families. In addition, because this wage determination may not list a wage rate for some or all occupations within those job families if the survey

data indicates that the prevailing wage rate for the occupation equals or exceeds \$27.63 per hour conformance may be necessary for certain nonexempt employees. For example, if an individual employee is nonexempt but nevertheless performs duties within the scope of one of the Computer Systems Analyst or Computer Programmer occupations for which this wage determination does not specify an SCA wage rate, then the wage rate for that employee must be conformed in accordance with the conformance procedures described in the conformance note included on this wage determination.

Additionally, because job titles vary widely and change quickly in the computer industry, job titles are not determinative of the application of the computer professional exemption. Therefore, the exemption applies only to computer employees who satisfy the compensation requirements and whose primary duty consists of:

(1) The application of systems analysis techniques and procedures, including consulting with users, to determine hardware, software or system functional specifications;

(2) The design, development, documentation, analysis, creation, testing or modification of computer systems or programs, including prototypes, based on and related to user or system design specifications;

(3) The design, documentation, testing, creation or modification of computer programs related to machine operating systems; or

(4) A combination of the aforementioned duties, the performance of which requires the same level of skills. (29 C.F.R. 541.400).

2) AIR TRAFFIC CONTROLLERS AND WEATHER OBSERVERS - NIGHT PAY & SUNDAY PAY: If you work at night as part of a regular tour of duty, you will earn a night differential and receive an additional 10% of basic pay for any hours worked between 6pm and 6am. If you are a full-time employed (40 hours a week) and Sunday is part of your regularly scheduled workweek, you are paid at your rate of basic pay plus a Sunday premium of 25% of your basic rate for each hour of Sunday work which is not overtime (i.e. occasional work on Sunday outside the normal tour of duty is considered overtime work).

HAZARDOUS PAY DIFFERENTIAL: An 8 percent differential is applicable to employees employed in a position that represents a high degree of hazard when working with or in close proximity to ordnance, explosives, and incendiary materials. This includes work such as screening, blending, dying, mixing, and pressing of sensitive ordnance, explosives, and pyrotechnic compositions such as lead azide, black powder and photoflash powder. All dry-house activities involving propellants or explosives.

Demilitarization, modification, renovation, demolition, and maintenance operations on sensitive ordnance, explosives and incendiary materials. All operations involving regrading and cleaning of artillery ranges.

A 4 percent differential is applicable to employees employed in a position that represents a low degree of hazard when working with, or in close proximity to ordnance, (or employees possibly adjacent to) explosives and incendiary materials which involves potential injury such as laceration of hands, face, or arms of the employee engaged in the operation, irritation of the skin, minor burns and the like; minimal damage to immediate or adjacent work area or equipment being used. All operations involving, unloading, storage, and hauling of ordnance, explosive, and incendiary ordnance material other than small arms ammunition. These differentials are only applicable to work that has been specifically designated by the agency for ordnance, explosives, and incendiary material differential pay.

#### \*\* UNIFORM ALLOWANCE \*\*

If employees are required to wear uniforms in the performance of this contract (either by the terms of the Government contract, by the employer, by the state or local law, etc.), the cost of furnishing such uniforms and maintaining (by laundering or dry cleaning) such uniforms is an expense that may not be borne by an employee where such cost reduces the hourly rate below that required by the wage

determination. The Department of Labor will accept payment in accordance with the following standards as compliance:

The contractor or subcontractor is required to furnish all employees with an adequate number of uniforms without cost or to reimburse employees for the actual cost of the uniforms. In addition, where uniform cleaning and maintenance is made the responsibility of the employee, all contractors and subcontractors subject to this wage determination shall (in the absence of a bona fide collective bargaining agreement providing for a different amount, or the furnishing of contrary affirmative proof as to the actual cost), reimburse all employees for such cleaning and maintenance at a rate of \$3.35 per week (or \$.67 cents per day). However, in those instances where the uniforms furnished are made of "wash and wear" materials, may be routinely washed and dried with other personal garments, and do not require any special treatment such as dry cleaning, daily washing, or commercial laundering in order to meet the cleanliness or appearance standards set by the terms of the Government contract, by the contractor, by law, or by the nature of the work, there is no requirement that employees be reimbursed for uniform maintenance costs.

The duties of employees under job titles listed are those described in the "Service Contract Act Directory of Occupations", Fifth Edition, April 2006, unless otherwise indicated. Copies of the Directory are available on the Internet. A links to the Directory may be found on the WHD home page at <http://www.dol.gov/esa/whd/> or through the Wage Determinations On-Line (WDOL) Web site at <http://wdol.gov/>.

REQUEST FOR AUTHORIZATION OF ADDITIONAL CLASSIFICATION AND WAGE RATE {Standard Form 1444 (SF 1444)}

#### Conformance Process:

The contracting officer shall require that any class of service employee which is not listed herein and which is to be employed under the contract (i.e., the work to be performed is not performed by any classification listed in the wage determination), be classified by the contractor so as to provide a reasonable relationship (i.e., appropriate level of skill comparison) between such unlisted classifications and the classifications listed in the wage determination. Such conformed classes of employees shall be paid the monetary wages and furnished the fringe benefits as are determined. Such conforming process shall be initiated by the contractor prior to the performance of contract work by such unlisted class(es) of employees. The conformed classification, wage rate, and/or fringe benefits shall be retroactive to the commencement date of the contract. {See Section 4.6 (C)(vi)} When multiple wage determinations are included in a contract, a separate SF 1444 should be prepared for each wage determination to which a class(es) is to be conformed.

The process for preparing a conformance request is as follows:

- 1) When preparing the bid, the contractor identifies the need for a conformed occupation(s) and computes a proposed rate(s).
- 2) After contract award, the contractor prepares a written report listing in order proposed classification title(s), a Federal grade equivalency (FGE) for each proposed classification(s), job description(s), and rationale for proposed wage rate(s), including information regarding the agreement or disagreement of the authorized representative of the employees involved, or where there is no authorized representative, the employees themselves. This report should be submitted to the contracting officer no later than 30 days after such unlisted class(es) of employees performs any contract work.
- 3) The contracting officer reviews the proposed action and promptly submits a report of the action, together with the agency's recommendations and pertinent information including the position of the contractor and the employees, to the Wage

and Hour Division, Employment Standards Administration, U.S. Department of Labor, for review. (See section 4.6(b)(2) of Regulations 29 CFR Part 4).

4) Within 30 days of receipt, the Wage and Hour Division approves, modifies, or disapproves the action via transmittal to the agency contracting officer, or notifies the contracting officer that additional time will be required to process the request.

5) The contracting officer transmits the Wage and Hour decision to the contractor.

6) The contractor informs the affected employees.

Information required by the Regulations must be submitted on SF 1444 or bond paper.

When preparing a conformance request, the "Service Contract Act Directory of Occupations" (the Directory) should be used to compare job definitions to insure that duties requested are not performed by a classification already listed in the wage determination. Remember, it is not the job title, but the required tasks that determine whether a class is included in an established wage determination. Conformances may not be used to artificially split, combine, or subdivide classifications listed in the wage determination.
