CAPTION: Financial Technical Assistance Services

Dear Prospective Contractor:

The District of Columbia Housing Authority (DCHA) issues this written Letter Solicitation on behalf of its Office of Financial Management (OFM) to solicit Financial Technical Assistance Services in accordance with the Simplified Acquisition Methods for less than \$100,000 detailed in the DCHA Procurement Policy, applicable Federal standards, United States Department of Housing and Urban Development (HUD) regulations, and local laws. For any contract that involves District funds, DCHA shall comply with the Procurement Practices Reform Act of 2010, effective April 8, 2011 (D.C. Law 18-371; D.C. Official Code §§ 2-351.01 et seq.)(2011 Repl.) as detailed within this solicitation.

INTRODUCTION

The District of Columbia Housing Authority (DCHA) is dedicated to enhancing the quality of life in the District of Columbia by providing and effectively managing affordable housing, which is diverse, well maintained, and aesthetically pleasing for those whose circumstances prevent them from competing in the general marketplace. Besides subsidizing over 8,300 units with public housing operating subsidy, DCHA also contracts approximately 14,000 private units through its Housing Choice Voucher Program. DCHA has embarked on an ambitious program of development and redevelopment to create economically diverse communities and neighborhoods. DCHA is one of the most innovative housing authorities in the nation and is actively pursuing non-governmental sources of financing to promote HCVP homeownership assistance programs, project-based public housing subsidies, and implement more creative uses of its authority through the United States Department of Housing and Urban Development (HUD)'s Moving to Work (MTW) Demonstration Program.

OVERVIEW

DCHA requires Financial Technical Assistance Services to support its OFM with its financial transactions. DCHA invites qualified and interested Offerors to submit a proposal in response to the solicitation to provide Financial Technical Assistance Services.

BACKGROUND

DCHA 's annual budget is approximately \$450 million, including \$320 million of the MTW block grant and \$130 million for non-MTW programs. DCHA's fiscal year ends September 30th each year. DCHA seeks technical assistance for the Office of Financial Management in funding issues, its affiliates financial activities and development financial activities.

QUALIFICATIONS

Must possess consulting experiences over 10 years in the areas of financial management for moving-to-work agencies.

Letter of Solicitation #0031-2017 Financial Technical Assistance Services

SCOPE OF SERVICES

Provide Financial Technical Assistance in the areas as specified in the following Scope of Work to:

- 1. Improve and expand financial reporting of affiliate activities to meet terms of debt and equity requirements;
- 2. Create a working capital fund to support self-development and related predevelopment activities;
- 3. Identify all available funding sources and provide strategic recommendations to fund needed activities;
- 4. Assess regulatory and statutory compliance monitoring process to identify areas for improvement;

SECTION 3 REQUIREMENTS

All Contractors shall comply with the Section 3 Program, as defined in the Housing and Urban Development Act of 1968 (12 U.S.C. 1701u) (Section 3), amended by the Housing and Community Development Act of 1992 (1992 Act) (commonly known as and herein after as the Section 3 Program). Section 3 compliance requires all Contractors performing work on behalf of the DCHA or any of its subsidiaries to ensure that training, employment, contracting and other economic opportunities generated by the Federal financial assistance shall, to the greatest extent feasible, be directed toward low-income and very-low-income persons, particularly those who are recipients of government assistance for housing. The minimum numerical goal for employment shall be equal to 10% of the total number of labor hours on this contract. A 2nd option for compliance under this act is to annually enroll Section 3 individuals totaling at minimum 30% to an Apprenticeship program. Another option is to subcontract to a Section 3 business concern.

In accordance with the HUD regulations, 10% of the subcontract may be awarded to section 3 business concerns for construction and 3% of the subcontract may be awarded to section 3 business concerns for non-construction contracts. Cash donations to DCHA's Section 3 Fund are presented as a "last resort option" to all Contractors. This option is made available to Contractors who have exhausted all priority preferences and are unable to hire or train Section 3 individuals as the contract is immediate and the period is minimal or, the skill sets required by the staff is too technical or too advanced for the Section 3 individuals seeking employment. The funds received will be used to provide training, uniforms, or transportation for Section 3 individuals.

Contractors and subcontractors will:

- 1. Incur all costs required for compliance with the applicable regulations;
- 2. Be subject to DCHA monitoring for compliance, and
- 3. Accept any applicable penalties for noncompliance.

The Contractor must provide an "Action Plan for Section 3 Commitment" and an "Estimated Project Workforce Breakdown" along with their bid proposal to be considered for contract award.

These documents should include a brief narrative description of the contract, and training and/or job opportunities for Section 3 participants as a part of this contract. The details of this plan should include the number of Section 3 participants to be hired, a list of tasks, description of skills associated to those tasks, the estimated total hours of those tasks under this contract, and a description of the methods to be used to achieve the respective Section 3 Commitment. A template of the Action Plan for Section 3 Commitment and a copy of the Estimated Project Workforce Breakdown have been enclosed with this letter solicitation (Attachments).

DCHA recognizes that the Contractor seeks trainees and/or employees that meet certain requirements. In order to better facilitate this goal, all efforts to hire to meet the Contractor's Section 3 goals must be coordinated through the DCHA Section 3 Compliance Coordinator. Each Section 3 Plan will be rated on the quantity of job opportunities and on the quality of the training and/or the development of skills that lead to economic self-sufficiency and careers.

- "Section 3 covered activities" are training, employment, contracting, and other economic opportunities arising from development, operating and modernization assistance funded by HUD notwithstanding the amount of the contract or subcontract, and regardless of whether the activity is fully or partially funded by HUD funds; and
- "Section 3 Resident" means:
 - a. A public housing resident;
 - b. Other DCHA Voucher Program participant; or
 - c. An individual who resides in the District of Columbia and who is a low or very low-income person; and,
- "Section 3 Business" means a business concern that:
 - a. Is a business concern that is 51% or more owned by Section 3 residents; or
 - b. A business whose permanent, full-time employees include at least 30% current Section 3 residents (or are within three years of the date of first employment as a Section 3 resident); or
 - c. A business which provides evidence of a commitment to subcontract in excess of 25% or the dollar award of all subcontracts to businesses that meet the tests in (3)(a) or (3)(b) above; and

- The purpose of the Section 3 program is to ensure that employment and other economic opportunities generated by certain types of activities undertaken by DCHA with HUD funding are, to "the greatest extent feasible," directed to:
 - a. Low and very-low income persons, particularly public housing residents and other DCHA Voucher Program participants; and
 - b. Business concerns which provide economic opportunities to such persons; and,
- It is the policy of DCHA to continue to expand the mechanisms through which public housing residents, residents of surrounding communities, and Housing Choice Voucher Program participants can develop careers and generate income that can permanently sustain economic independence; and
- DCHA's implementation of the Section 3 Program provides a mechanism that will enable DCHA to require and help its contractors, subcontractors, vendors and suppliers to provide employment, training, and business opportunities for public housing residents, residents or surrounding communities, and Housing Choice Voucher Program participants; and
- The Section 3 Program promotes economic development through entrepreneurial, self-sufficiency and community reinvestment opportunities; and
- 24 C.F.R. § 135.30 (a) creates a "safe harbor" whereby recipients and covered contractors may demonstrate compliance with the "greatest extent feasible" requirement of Section 3 by meeting the listed numerical requirements.

The undersigned parties agree to comply with the following provisions:

- 1. **Section 3 Hiring Requirements.** Contractor agrees at least 30% of its aggregate new hires over a one year period shall be "Section 3 residents." The 30% minimum represents a safe harbor for hiring that meets the "greatest extent feasible" statutory requirement.
 - a. In the event that Contractor fails to reach the 30% requirement, Contractor must provide a written justification of the impediments encountered and what actions or other economic opportunities, such as joint venturing, Contractor attempted in efforts to reach the requirement.
 - b. Contractor must complete and record exit evaluations of "Section 3 Resident" employees for each job assignment completed.

 - c. In the event that the Contractor fails to meet these minimum numerical requirements, Contractor must demonstrate in writing why it was not feasible to meet the numerical requirements, including actions taken and any impediments encountered as well as other economic opportunities that were provided in the absence of meeting the requirement.
 - d. Contractors must differentiate between labor and non-labor (materials and supplies) dollars so that the amount of Section 3 dollars to be expended can be determined. This must be completed within five (5) days after the execution of the contract. Service contractors' total contract amount will be used as their labor dollars in determining the Section 3 dollar amount to be expended unless supplies/materials must also be purchased for this contract; in such case that amount is deducted.
 - e. Contractors must complete the forms included in the bid packets and are further required to submit monthly reports of all payments made to Section 3 subcontractors. If no payment is made in a given month, it must be noted and discussed with the Section 3 Coordinator.
- 3. Eligible Section 3 Subcontractors. A database of eligible "Section 3 Businesses" and suppliers will be developed and maintained by the DCHA Office of Administrative Services. This database will be continually updated and made available upon request to Contractor. The database contains the names, addresses and telephone numbers of "Section 3 Businesses" and suppliers, basic firm descriptions, lists of projects completed, references, bonding capacity, union affiliation and certification.
- 4. **Joint Ventures.** DCHA encourages joint ventures with "Section 3 Businesses" as a means of complying with the requirements of Section 3. In addition to performing the work, joint ventures will help Section 3 businesses strengthen their internal

Contractor shall be responsible for notifying any subcontractor or supplier who is not in compliance.
 - a. Corrective Plans Upon request of DCHA, Contractor agrees to meet with the Section 3 Compliance Coordinator and any other appropriate representative from DCHA within three (3) working days of the written notice in order to determine a Plan for correcting the deficiencies and determining the time period within which such remedy shall be effected.

Note: Executive Order (EO) 13706, Establishing Paid Sick Leave for Federal Contractors, applies to all contracts subject to the Service Contract Act for which the contract is awarded (and any solicitation was issued) on or after January 1, 2017. If this contract is covered by the EO, the contractor must provide employees with 1 hour of paid sick leave for every 30 hours they work, up to 56 hours of paid sick leave each year. Employees must be permitted to use paid sick leave for their own illness, injury or other health-related needs, including preventive care; to assist a family member (or person who is like family to the employee) who is ill, injured, or has other health-related needs, including preventive care; or for reasons resulting from, or to assist a family member (or person who is like family to the employee) who is the victim of, domestic violence, sexual assault, or stalking. Additional information on contractor requirements and worker protections under the EO is available at www.dol.gov/whd/govcontracts.

ALL OCCUPATIONS LISTED ABOVE RECEIVE THE FOLLOWING BENEFITS:

HEALTH & WELFARE: \$4.27 per hour or \$170.80 per week or \$740.13 per month

VACATION: 2 weeks paid vacation after 1 year of service with a contractor or successor, 3 weeks after 5 years, and 4 weeks after 15 years. Length of service includes the whole span of continuous service with the present contractor or successor, wherever employed, and with the predecessor contractors in the performance of similar work at the same Federal facility. (Reg. 29 CFR 4.173)

HOLIDAYS: A minimum of ten paid holidays per year: New Year's Day, Martin Luther King Jr.'s Birthday, Washington's Birthday, Memorial Day, Independence Day, Labor Day, Columbus Day, Veterans' Day, Thanksgiving Day, and Christmas Day. (A contractor may substitute for any of the named holidays another day off with pay in accordance with a plan communicated to the employees involved.) (See 29 CFR 4.174)

THE OCCUPATIONS WHICH HAVE NUMBERED FOOTNOTES IN PARENTHESES RECEIVE THE FOLLOWING:

1) COMPUTER EMPLOYEES: Under the SCA at section 8(b), this wage determination does not apply to any employee who individually qualifies as a bona fide executive, administrative, or professional employee as defined in 29 C.F.R. Part 541. Because most Computer System Analysts and Computer Programmers who are compensated at a rate not less than \$27.63 (or on a salary or fee basis at a rate not less than \$455 per week) an hour would likely qualify as exempt computer professionals, (29 C.F.R. 541. 400) wage rates may not be listed on this wage determination for all occupations within those job families. In addition, because this wage determination may not list a wage rate for some or all occupations within those job families if the survey data indicates that the prevailing wage rate for the occupation equals or exceeds \$27.63 per hour conformances may be necessary for certain nonexempt employees. For example, if an individual employee is nonexempt but nevertheless performs duties within the scope of one of the Computer Systems Analyst or Computer Programmer occupations for which this wage determination does not specify an SCA wage rate, then the wage rate for that employee must be conformed in accordance with the conformance procedures described in the conformance note included on this wage determination.

Additionally, because job titles vary widely and change quickly in the computer industry, job titles are not determinative of the application of the computer professional exemption. Therefore, the exemption applies only to computer employees

who satisfy the compensation requirements and whose primary duty consists of:

- (1) The application of systems analysis techniques and procedures, including consulting with users, to determine hardware, software or system functional specifications;
- (2) The design, development, documentation, analysis, creation, testing or modification of computer systems or programs, including prototypes, based on and related to user or system design specifications;
- (3) The design, documentation, testing, creation or modification of computer programs related to machine operating systems; or
- (4) A combination of the aforementioned duties, the performance of which requires the same level of skills. (29 C.F.R. 541.400).
- 2) AIR TRAFFIC CONTROLLERS AND WEATHER OBSERVERS NIGHT PAY & SUNDAY PAY: If you work at night as part of a regular tour of duty, you will earn a night differential and receive an additional 10% of basic pay for any hours worked between 6pm and 6am. If you are a full-time employed (40 hours a week) and Sunday is part of your regularly scheduled workweek, you are paid at your rate of basic pay plus a Sunday premium of 25% of your basic rate for each hour of Sunday work which is not overtime (i.e. occasional work on Sunday outside the normal tour of duty is considered overtime work).

** HAZARDOUS PAY DIFFERENTIAL **

An 8 percent differential is applicable to employees employed in a position that represents a high degree of hazard when working with or in close proximity to ordnance, explosives, and incendiary materials. This includes work such as screening, blending, dying, mixing, and pressing of sensitive ordnance, explosives, and pyrotechnic compositions such as lead azide, black powder and photoflash powder. All dry-house activities involving propellants or explosives. Demilitarization, modification, renovation, demolition, and maintenance operations on sensitive ordnance, explosives and incendiary materials. All operations involving re-grading and cleaning of artillery ranges.

A 4 percent differential is applicable to employees employed in a position that represents a low degree of hazard when working with, or in close proximity to ordnance, (or employees possibly adjacent to) explosives and incendiary materials which involves potential injury such as laceration of hands, face, or arms of the employee engaged in the operation, irritation of the skin, minor burns and the like; minimal damage to immediate or adjacent work area or equipment being used. All operations involving, unloading, storage, and hauling of ordnance, explosive, and incendiary ordnance material other than small arms ammunition. These differentials are only applicable to work that has been specifically designated by the agency for ordnance, explosives, and incendiary material differential pay.

** UNIFORM ALLOWANCE **

If employees are required to wear uniforms in the performance of this contract (either by the terms of the Government contract, by the employer, by the state or local law, etc.), the cost of furnishing such uniforms and maintaining (by laundering or dry cleaning) such uniforms is an expense that may not be borne by an employee where such cost reduces the hourly rate below that required by the wage determination. The Department of Labor will accept payment in accordance with the following standards as compliance:

The contractor or subcontractor is required to furnish all employees with an adequate number of uniforms without cost or to reimburse employees for the actual cost of the uniforms. In addition, where uniform cleaning and maintenance is made the responsibility of the employee, all contractors and subcontractors subject to this wage determination shall (in the absence of a bona fide collective bargaining agreement providing for a different amount, or the furnishing of contrary

affirmative proof as to the actual cost), reimburse all employees for such cleaning and maintenance at a rate of \$3.35 per week (or \$.67 cents per day). However, in those instances where the uniforms furnished are made of "wash and wear" materials, may be routinely washed and dried with other personal garments, and do not require any special treatment such as dry cleaning, daily washing, or commercial laundering in order to meet the cleanliness or appearance standards set by the terms of the Government contract, by the contractor, by law, or by the nature of the work, there is no requirement that employees be reimbursed for uniform maintenance costs.

** SERVICE CONTRACT ACT DIRECTORY OF OCCUPATIONS **

The duties of employees under job titles listed are those described in the "Service Contract Act Directory of Occupations", Fifth Edition (Revision 1), dated September 2015, unless otherwise indicated.

** REQUEST FOR AUTHORIZATION OF ADDITIONAL CLASSIFICATION AND WAGE RATE, Standard Form 1444 (SF-1444) **

Conformance Process:

The contracting officer shall require that any class of service employee which is not listed herein and which is to be employed under the contract (i.e., the work to be performed is not performed by any classification listed in the wage determination), be classified by the contractor so as to provide a reasonable relationship (i.e., appropriate level of skill comparison) between such unlisted classifications and the classifications listed in the wage determination (See 29 CFR 4.6(b)(2)(i)). Such conforming procedures shall be initiated by the contractor prior to the performance of contract work by such unlisted class(es) of employees (See 29 CFR 4.6(b)(2)(ii)). The Wage and Hour Division shall make a final determination of conformed classification, wage rate, and/or fringe benefits which shall be paid to all employees performing in the classification from the first day of work on which contract work is performed by them in the classification. Failure to pay such unlisted employees the compensation agreed upon by the interested parties and/or fully determined by the Wage and Hour Division retroactive to the date such class of employees commenced contract work shall be a violation of the Act and this contract. (See 29 CFR 4.6(b)(2)(v)). When multiple wage determinations are included in a contract, a separate SF-1444 should be prepared for each wage determination to which a class(es) is to be conformed.

The process for preparing a conformance request is as follows:

- 1) When preparing the bid, the contractor identifies the need for a conformed occupation(s) and computes a proposed rate(s).
- 2) After contract award, the contractor prepares a written report listing in order the proposed classification title(s), a Federal grade equivalency (FGE) for each proposed classification(s), job description(s), and rationale for proposed wage rate(s), including information regarding the agreement or disagreement of the authorized representative of the employees involved, or where there is no authorized representative, the employees themselves. This report should be submitted to the contracting officer no later than 30 days after such unlisted class(es) of employees performs any contract work.
- 3) The contracting officer reviews the proposed action and promptly submits a report of the action, together with the agency's recommendations and pertinent information including the position of the contractor and the employees, to the U.S. Department of Labor, Wage and Hour Division, for review (See 29 CFR 4.6(b)(2)(ii)).
- 4) Within 30 days of receipt, the Wage and Hour Division approves, modifies, or disapproves the action via transmittal to the agency contracting officer, or notifies the contracting officer that additional time will be required to process

the request.

- 5) The contracting officer transmits the Wage and Hour Division's decision to the contractor.
- 6) Each affected employee shall be furnished by the contractor with a written copy of such determination or it shall be posted as a part of the wage determination (See 29 CFR 4.6(b)(2)(iii)).

Information required by the Regulations must be submitted on SF-1444 or bond paper.

When preparing a conformance request, the "Service Contract Act Directory of Occupations" should be used to compare job definitions to ensure that duties requested are not performed by a classification already listed in the wage determination. Remember, it is not the job title, but the required tasks that determine whether a class is included in an established wage determination. Conformances may not be used to artificially split, combine, or subdivide classifications listed in the wage determination (See 29 CFR 4.152(c)(1)).

Additional Required Thresholds:

- When a contractor or vendor is providing direct technical assistance to a resident or residents, a minimum of lifteen (15) hours should be provided in the subject area.
 - When a contractor or vendor is directly delivering training for residents, a minimum range of 4-10 hours should be provided.
- When a contractor or vendor is providing on-the-job training opportunities for residents, the minimum number of hours provided should reflect industry standards for the respective job. Any subsidy provided must meet the required labor standard for hourly wages per participant.

**Footnote:

HUD has proposed a new rule that will change the current benchmark for non-construction contractors or vendors. Currently, three percent (3%) of the total dollar amount of all non-construction contracts shall be awarded to Section 3 businesses.
