SECTION A –INTRODUCTION

A.1 OVERVIEW

The District of Columbia Housing Authority (DCHA) is dedicated to enhancing the quality of life in the District of Columbia by providing and effectively managing affordable housing, which is diverse, well maintained, and aesthetically pleasing for those whose circumstances prevent them from competing in the general marketplace. Besides subsidizing over 8,300 units with public housing operating subsidy, DCHA also contracts approximately 14,000 private units through its Housing Choice Voucher Program. DCHA has embarked on an ambitious program of development and redevelopment to create economically diverse communities and neighborhoods. DCHA is one of the most innovative housing authorities in the nation and is actively pursuing non-governmental sources of financing to promote HCVP homeownership assistance programs, project-based public housing subsidies, and implement more creative uses of its authority through the United States Department of Housing and Urban Development (HUD)'s Moving to Work (MTW) Demonstration Program.

A.2 BACKGROUND

History

In the Spring of 2001, DCHA hired a Master Planner to develop a Revitalization Plan for the Arthur Capper/Carrollsborg Dwellings located in Near Southeast. The Revitalization Plan was created to be submitted as part of DCHA's HOPE VI Grant Application which was submitted to the U.S. Department of Housing and Urban Development (HUD) in May of that year. In October 2001, the District of Columbia Housing Authority (DCHA) received a \$34.9 million HOPE VI grant from HUD to redevelop the 23-acre Arthur Capper/Carrollsborg public housing project as a mixed-income community. The 707 public housing units are being replaced one-for-one, along with over 1,700 market, workforce and affordable rental and ownership units.

The DCHA Investment

The revitalization plan of Arthur Capper/Carrollsborg represents one of the most ambitious HOPE VI projects undertaken nationwide. DCHA will leverage the \$34.9 million HOPE IV grant to provide over \$724 million for the development of over 1,753 new rental and homeownership units. The housing strategy will replace the demolished units with 707 affordable replacement rental units, 528 market rate units, and 179 affordable and 339 market rate town-homes and condominiums for purchase for a total of 1,753 new units. By replacing all occupied public housing units, the Arthur Capper/Carrollsborg development, now known as Capitol Quarter, will be one of the first HOPE VI sites in the country to provide one-for-one replacement of demolished public housing units within the original footprint.

DCHA's plan also calls for the development of a community center, over 50,000 square feet of retail space, approximately 350,000 square feet of office space, and contribution to a new public park, Canal Park, adjacent to the site. Both the Community Center and

Canal Park have been completed and are operational. It is the program's ability to capitalize on the value of the land, a dynamic uncharacteristic of most HOPE VI projects, and the developable density that allows it to retain this level of affordable housing. The project achieves high density on-site because of the marketability and value of the land in Near Southeast. Due in part to the influx of a new employment base, Near Southeast neighborhood often referred to as the the “Capitol Riverfront”, has become an attractive area for people to live and play close to work.

In 2003, the site received an approved Stage I PUD for the entire 23-acre site. As development has moved forward by parcel, DCHA has submitted the corresponding Stage II PUD Application and the upon approval by the Zoning Commission, has secured financing and completed construction to deliver 1,009 units. Remaining to be developed are 744 total units, of which 234 are affordable replacement units. Currently, Square 769N, the 5th Phase of the overall redevelopment, is in construction and will deliver 181 residential units (143 market; 36 affordable units) and over 3,000 sf of retail. Square 767, is in predevelopment stage and it is anticipated the Stage II PUD Application will be submitted in the Fall/Winter of this calendar year.

Squares 739, 768 and 882S are three vacant parcels in the Capper/Carrollsborg footprint to develop the remaining 744 residential units, retail and other commercial development. The purpose of this RFP is to seek highly qualified Land Planners with broad experience in mixed-use, mixed-income and mixed finance development to submit proposals in response to this Request for Proposal (RFP) solicitation to Master Plan these three vacant parcels.

A.3 ECONOMIC INCLUSION

Participation by minority and women-owned business enterprises (“M/WBE”) is an important goal of the DCHA redevelopment program. To that end, interested Land Planners should review DCHA’s M/WBE requirements for further information on DCHA’s policy regarding M/WBE/ participation, attached hereto as Exhibit D.

D.10 SECTION 3 REQUIREMENTS- [Mandatory for All Respondents]

All Contractors shall comply with the Section 3 Program, as defined in the Housing and Urban Development Act of 1968 (12 U. S. C. 1701u) (Section 3), amended by the Housing and Community Development Act of 1992 (1992 Act) (commonly known as and herein after as the Section 3 Program). Section 3 compliance requires all Contractors performing work on behalf of the DCHA or any of its subsidiaries to ensure that training, employment, contracting and other economic opportunities generated by the Federal financial assistance shall, to the greatest extent feasible, be directed toward low-income and very-low-income persons, particularly those who are recipients of government assistance for housing.

The minimum numerical goal for employment shall be equal to ten percent (10%) of the total number of labor hours on the contract issued. A second option for compliance under this act is to annually enroll Section 3 individuals, totaling a minimum of thirty percent (30%), into an Apprenticeship program. A third option is to subcontract to a Section 3 business concern. In accordance with the HUD regulations, ten percent (10%) of the subcontract may be awarded to Section 3 business concerns for construction and three percent (3%) of the subcontract may be awarded to Section 3 business concerns for non-construction contracts. A fourth option for compliance is to propose a unique program that provides internships for residents or program participants or provides pro bono services to DCHA program participants or Section 3 businesses. Cash donations to DCHA's Section 3 Fund are presented as a "last resort option" to all Contractors. This option is made available to Contractors who have exhausted all priority preferences and are unable to hire or train Section 3 individuals as the contract is immediate and the period is minimal or the skill sets required by the staff is too technical or too advanced for the Section 3 individuals seeking employment. The funds received will be used to provide training, uniforms, or transportation for Section 3 individuals.

Contractors and subcontractors will:

- 1) Incur all costs required for compliance with the applicable regulations;
- 2) Be subject to DCHA monitoring for compliance; and
- 3) Accept any applicable penalties for noncompliance.

The Contractor must provide an "Action Plan for Section 3 Commitment" and an "Estimated Project Workforce Breakdown" along with their bid proposal to be considered for contract award. A Section 3 Commitment is required prior to and as a condition of contract award. DCHA contracts will not be awarded without an approved Section 3 Commitment. These documents should include a brief narrative description of the contract, training and/or job opportunities for Section 3 participants as a part of this contract. The details of this plan should include the number of Section 3 participants to be hired, a list of tasks, description of skills associated to those tasks, the estimated total hours of those tasks under this contract, and a description of the methods to be used to achieve the respective Section 3 Commitment. A template of the Action Plan for Section 3 Commitment and a copy of the Estimated Project Workforce Breakdown have been enclosed with this solicitation (**Attachments**).

DCHA recognizes that the Contractor seeks trainees and/or employees that meet certain requirements. In order to better facilitate this goal, all efforts to hire to meet the Contractor's Section 3 goals must be coordinated through the DCHA Section 3 Compliance Coordinator. **Each Section 3 Plan will be rated on the quantity of job opportunities and on the quality of the training and/or the development of skills that lead to economic self-sufficiency and careers.**

Non-Compliance Procedures

Any Contractor who fails to make a positive effort to meet the hiring and contracting goals described in the Section 3 Plan may be determined to be non-compliant. After a determination by DCHA that the Contractor has failed to comply with the Section 3 terms of their contract, DCHA shall serve notice of such non-compliance to the Contractor or its representative. The Contractor shall be responsible for notifying any subcontractor(s) who is not in compliance.

Upon request, the Contractor determined to be non-compliant shall meet with DCHA within three (3) working days of written notice in order to determine a method of correcting the deficiencies and determining the time period within which such remedy shall be effective. If remedy is not agreed upon within three (3) working days of the required notice, DCHA shall prescribe the remedy by which deficiencies shall be corrected and notify the Contractor in writing of such a determination. If the Contractor does not correct the deficiencies in the manner as directed by DCHA within thirty (30) calendar days, DCHA may impose any or all of the following sanctions:

- (a) Withholding payments;
- (b) Termination for default or suspension of contract; or

D.11.2 That if a contract is awarded to the Respondent, DCHA shall have the right to duplicate, use or disclose the proprietary or confidential information to the extent provided in the contract;

D.11.3 That this restriction does not limit DCHA's right to use the proprietary or confidential information if it is obtained from another source without restriction;

D.11.4 That the Respondent has specifically identified, by page number or otherwise, the proprietary or confidential information subject to the restriction; and

D.11.5 The Respondent shall not designate as proprietary or confidential information the name of the Respondent, the proposal price, or any information that is not actually proprietary or confidential.

- c. Record of past performance; and
- d. Financial and technical resources.

In addition, DCHA may conduct site visits to the Respondent's office or facility to verify information contained in the proposal.

D.13 EMPLOYEE DISHONESTY INSURANCE

Upon contract award, Respondent shall provide evidence of Employee Dishonesty Insurance for an amount not less than Two Hundred Fifty Thousand Dollars (\$250,000.00), obtained at its own expense, for the purpose of protecting against dishonest acts of the Respondent and its employees. D.15 CONSENT TO SUBCONTRACT

D.16 FAIR HOUSING EQUAL OPPORTUNITY CLAUSE

During the performance of the contract, the Contractor shall not discriminate on the basis of race, color, religion (creed), sex, national origin, handicap or familial status, or the existence or use of a policy or practice, or any arrangement, criterion or other method of administration which has the effect of denying Equal Housing Opportunity, or which substantially impairs the ability of persons to apply for or receive the benefits of assistance because of race, color, religion (creed), sex, national origin, handicap or familial status, in the sale, rental or other disposition of residential properties or related facilities, including land to be developed for residential use, or in the use or occupancy thereof.

D.17 THE AMERICAN WITH DISABILITIES ACT OF 1990 (ADA)

During the performance of the contract, the Contractor and all of its subcontractors shall comply with the ADA. The ADA makes it unlawful to discriminate in employment against a qualified individual with a disability. See 42 U.S.C. §2101, *et.seq.*

During the performance of the contract, the Contractor and all of its subcontractors shall comply with the Section 504 of the Rehabilitation Act of 1973, as amended. This Act prohibits discrimination against persons with disabilities in federally funded programs and activities. DCHA may require more than 6 percent (6%) in an applicable revitalization plan. In addition, all other units constructed must comply, as applicable, with the Fair Housing Act guidelines on accessibility. See 29 U.S.C. §794.

No warranty is made or implied as to the information contained in the RFP, specifications, and/or instructions.

D.20 EXPENSE OF THE RFP SUBMISSION

All expenses incurred in the preparation and submission of proposals in response to the RFP shall be borne by the Respondent.

DCHA further reserves the right to waive any minor information on any proposal received, if it is in the best interest of DCHA to do so. The decision as to who shall receive a contract award, or whether or not an award shall be made as a result of this RFP, shall be at the sole and absolute discretion of DCHA.

D.27 QUALIFIED BIDDERS LISTING (QBL)- [RESERVED]

SECTION E - EVALUATION FACTORS FOR AWARD

E.1 EVALUATION OF PROPOSALS

All proposals will be evaluated based on the evaluation criteria outlined below. The Contracting Officer will determine a competitive range based on the established criteria and point system. The Evaluation Panel may consider a proposal unacceptable if it lacks critical information or the submission represents a major deviation from the requirements of this RFP. Minor omissions such as, incomplete references may, at the sole option and discretion of the DCHA, be corrected subsequent to the submission due date.

All proposals will be initially reviewed to determine compliance with the proposal format requirements specified within this solicitation under Section C. Proposals that do not comply with these requirements may be rejected without further review.

The evaluation factors and the comparative scoring of the factors shown in Section E.3 below will be used to determine which Respondents fall within the competitive range and the recommendation made to the Executive Director.

E.2 RELATIVE IMPORTANCE OF TECHNICAL VERSUS COST/PRICE FACTORS

E.2.1 DCHA will make an award to the most responsible and responsive Respondent whose offer conforms to the solicitation and is most advantageous to the DCHA (i.e., that which represents the best value to the DCHA), cost or price and other factors considered.

E.2.2 DCHA may award a contract to other than the lowest priced Proposal. In the event that two or more proposals are considered technically equivalent, the evaluated cost or price will be of primary importance in determining the proposal most responsive.

E.2.3 The proposed cost must be considered reasonable and reflect the proposed approach.

E.2.4 DCHA does not intend, however does reserve the right to make multiple awards to ensure availability of a wide range of products or services.

E.2.5 The combined relative merit of the technical evaluation factors listed below will be more significant than cost or price in the selection of the Respondent.

E.3 EVALUATION AND SELECTION CRITERIA

Respondents are required to respond thoroughly to each of the following evaluation factors, with focus on providing answers that are both clear and concise. If any requirement listed cannot be met, full disclosure must be given, along with an explanation and proposed alternative, if appropriate.

The following evaluation factors will be used in determining the competitive range, **with a total possible score of 165 points.**
