

RESOLUTION 19-05

To Adopt Emergency Regulations to Amend the HCVP Limited Local Preferences to Provide Project-Based Units as a Housing Option

Summary

The District of Columbia Housing Authority (DCHA) desires to respond to the urgent need to provide housing options for public housing families who need to be transferred in accordance with the DCHA mandatory transfer provisions, including those related to redevelopment or comprehensive modernization of a public housing site, and those related to transfers necessary due to conditions which would threaten the health, safety and welfare of the resident.

This resolution authorizes the adoption of emergency regulations to create a new Housing Choice Voucher Program (HCVP) limited local preference to authorize DCHA to offer a project-based unit to a public housing resident whose unit qualifies for a mandatory transfer based on the condition of the unit, a public safety issue, or based on relocation for comprehensive modernization or redevelopment. Such preference would apply when DCHA determines there are no other appropriate public housing units, or DCHA-controlled Rental Assistance Demonstration (RAD) units.
